Dr. Leo Goodman-Malamuth II, has returned to the campus after attending two national conferences devoted to the problems of world hunger and the impact of hard times and "Reagonomics" on higher education.

Goodman-Malamuth was one of only 19 national leaders in higher education invited to a conference on "World Hunger and Higher Education: An Agenda for the '80s," sponsored by Marist College, Poughkeepsie, N.Y. The purpose of the conference was to draft an agenda for higher education to follow in helping to eradicate world hunger. It was held as a prelude to the first World Food Day on October 16 and the anniversary of the founding of the Food and Agricultural Organization of the United Nations.

The meeting was held at Val-Kill, the home of the late Eleanor Roosevelt, known for her extensive work toward a solution to the plight of the estimated 800 million starving or undernourished people in the world.

The following week, the GSU president was in Washington, D.C., to attend the 64th Annual Meeting of the American Council on Education on October 14-16. The theme of the program was "Higher Education's Economy and Spirit — Forging Ahead."

On November 8 - 11 Dr. Goodman-Malamuth will attend the 21st annual meeting of the American Association of State Colleges and Universities in Colorado Springs. As chairman of the Task Force on Educational Equity, he will make a report to the general session and chair a meeting of the task force. The theme of this year's conference is "Visions . . . and Decisions."

The GSU president notes that the program will stress quality in education, a theme he sounded earlier this year.

**Academic Convocation**

"A Framework for Professional Development at GSU" is the theme of the GSU annual Academic Convocation which will meet Wednesday, November 4 in Engbretson Hall. It will be an all day session. The focus will be on professional development as a way of increasing the quality of service to both the GSU Community and the surrounding areas.

The keynote speaker will be Dr. Jack Lindquist, president of Goddard College, Plainfield, Vermont. Lindquist’s address will cover “Educational Changes In the 80’s: Professional Development.”

Members of the GSU faculty who will be presenters are: Jeffrey Kaiser (HLD), Larry McCiellan (CAS), Robert A. Cornesky (SHP), Linda Ziemian (SHP), Jo Ann Hanson (UL), and Tulsib B. Saral (HLD). Robert Press (CAS), Faculty Senate chairperson, will open the Convocation.
Alumni Association Honors Engbretson

The GSU Alumni Association recently awarded a distinguished former member of the University community an honorary lifetime membership in the Association.

William E. Engbretson, the University's first president, received the plaque bearing his name at an alumni board lunch which was held on September 12, 1981. Engbretson joins a select group awarded this honor. They are: Dr. Mary Endres, 1976; Mr. James Lund, 1977; Dr. Katherine Gavin, 1978, and Mr. Percy Wagner, 1979.

The designation "Honorary Member" may be extended by the Board of Directors to a person who is not a graduate of Governors State University, who is not in the University community but who has been actively concerned with the welfare of the school and has made contributions to its success. The Honorary Member is extended all privileges of the Association, excluding the right to vote and hold office.

Phi Delta Kappa Meets

The Phi Delta Kappa Interest Group will meet at 6:30 p.m. November 4 to address the question of education and educational career opportunities in Illinois Corrections. The meeting will be held in A Lounge.

The panel, chaired by Jagan Lingamneni (HLD), will be composed of education directors, principals, teachers, and ex-offenders who know the educational system within the prisons and facilities of the Illinois Corrections system.

Interested GSU faculty, staff and administrators are invited to join the group for this discussion. Refreshments will be served.

"There is beauty in space, and it is orderly. There is no weather, and there is regularity. It is predictable ... Everything in space obeys the laws of physics. If you know these laws and obey them, space will treat you kindly. And don't tell me man doesn't belong out there. Man belongs wherever he wants to go."

INSCAPES

I thought how sadly beauty of inscape was unknown and buried away and yet how near at hand it was if it could be called out everywhere again

Basic Emergency Training for Staff

The GSU Public Safety Awareness Program has scheduled basic emergency aid training sessions for Civil Service and Administrative and Professional Staff. The University's Police Medical Technicians of the University's Department of Public Safety will provide the training.

The first training sessions took place on Thursday, October 29. Two more are planned for November 5, 10 a.m. and 3 p.m. in Room A1102e.

Congratulations to OTIS LAWRENCE (BOG) who became a grandfather for the first time October 27. It was a boy, 7 pounds, 13 ounces.

Thank You Note

A million thanks to all the people who sent cards, letters, flowers, and books. Your phone calls were deeply appreciated. Also a million and one thanks to the anonymous person who put notice of my illness in Landscapes. See you all upon my return November 2nd.
