UNIVERSITY ASSEMBLY QUESTIONNAIRES... Colleges and student assemblymen have been given forms for distribution to the GSU community requesting preferences for membership in the standing committees of the University. Anyone in the GSU community is eligible to serve on any of the standing committees. The six committees are: (1) Educational Policies and Programs, (2) Human Services, (3) Fiscal Resources, (4) Physical Resources, (5) Governance and (6) The Future.

... The Executive Committee of the University Assembly is expected to form the committees by the end of the week, with committees convening for the first time shortly after... next meeting of the University Assembly is scheduled for this Thursday (November 11) at 4:30 p.m. in room 306.

GSUings... Pete Fenner elected to post of Secretary-Treasurer of National Association of Geology Teachers... also helping set precedent when all three similarly attired coauthors of a paper participated in its delivery at the Geological Society of America annual meeting in Washington Nov. 1. ... Pete discussed kinescoped portion of presentation, "Currents and Sediment Transport Observed at the Wilmington Canyon Shelf Break by Underwater Television."

Ralph Winston attended the 84th annual meeting of the American Institute of Certified Public Accountants in Detroit October 10-13 ...served as a panel member of discussion "Establishing an International Practice."

Ralph Winston also attended the 12th annual Conference of Illinois Teachers of Accounting at Northern Illinois University in DeKalb November 5-6.

Then there was Dick Neman who passed this note along for FAZE 1, "Getting out while the getting is good? If your flight is to be by jet, you might want to check with the LRC to see when it's leaving. The LRC subscribes to the Official Airline Guide which has complete information about all North American Airline service." Dick then took his own advice and left for Denver. Hmm...

THIS WEEK AT THE FLICKS... The 7th Chicago International Film Festival continues this week with showings at the Carnegie Theater (Rush and Oak Streets). Check the Commons Bulletin Board for a complete listing of showings which includes competitions for features, short subjects and television productions.

AT THE FLICKS WITH THE ICC... GSU staff is ordering films at the rate of about 80 per month. The ICC is now distributing lists offline on hand weekly so that the films may be previewed or used in modules by others... The ICC also notes that since GSU began classes a couple of months ago, it has gotten involved in 140 separate projects.

THE EVAPORATING TELEPHONE... As of Oct. GSU had a "free" balance of $3,200 left in the FY '72 telecommunications budget of $72,200. Major problem is long distance phone calls which may be restricted shortly. Remember when calling Chicago to use 86 (not 901) and when calling Illinois outside the 312 area to call 84 (not 901). Use of 86 and 84 saves the long distance charges.

THE GRAND DESIGN... Master Plan Phase III of the Illinois Board of Higher Education has arrived and is being distributed for reading and retention by every professional staff member.

GROUP INSURANCE... THE ON-GOING EVENT OF THE WEEK... All GSU employees have been scheduled by separate memo to fill out forms for the new Illinois State Employees Group Insurance Program. John Kirksay will be answering questions and signing up individuals as scheduled Tuesday through Friday and the following Monday. Every staff member gets some coverage without cost. Additional options are also available.

QUESTION OF THE WEEK: From the Communications Hotline Bulletin Board in the Commons, "Why?" The reply from Hel Muchnik, "Why not?"
GOVERNORS STATE UNIVERSITY
