University Curriculum Committee (Muhammad)
Muhammad reported that the UCC has completed weekly meetings for the 2003-04 academic year and reviewed the committee's accomplishments over the past year. UC would like faculty to view this time as an opportunity to review current curriculum display and course descriptions. In addition, program faculty members who consult their UCC representative generally put forth quality submissions. A senator recommended UCC send out an email at the beginning of the fall term to faculty listing UCC members so that representatives are identified. Muhammad thanked Lisa Hendrickson for her participation on the committee as well as all UCC members.

IBHE Faculty Advisory Committee (Kasik)
Kasik reported two issues on the table. The first is that the Governor is concerned about the price increase in college textbooks and has developed an advisory board on this issue. Kasik advised faculty to read the California report Rip-off 101: How the Current Practices of the Textbook Industry Drive up the Cost of College Textbooks accessed at http://calpirg.org which the Governor has read. He will be taking this issue to the legislature.

Kasik said the second issue is that the IBHE is doing a midterm review of the Illinois Commitment and considering adding Higher Education as a contributing factor to the quality of life in Illinois. Faculty are urged to review the commitment and the 7th Commitment Document put forth by the FAC. Kasik requested comments be forwarded to her.

Leverence moved to amend the policy to change "may" to "will". Klomes seconded Discussion clarified reference to CUEs under II. D. was removed since it is a separate from the contract scholarship CUEs. The policy was approved unanimously.
