This program is not an official University document. Due to rigid time requirements, it must be printed before the final lists of degree candidates can be determined. The exclusion of the name of a student is not to be taken as indication of his official status as a non-graduate, nor is the inclusion of the name of a student to be taken as certification of his official status as a graduate.

Photographers are requested to refrain from taking pictures during the ceremony.

During the commencement ceremony, students and faculty wear academic costumes indicating the wearer's degree and college or field of study.

The Cap

The black mortarboard type is the most common cap worn. Degree candidates wear cap tassels that are black and white, the University colors. Colors worn by the faculty vary according to their fields of study.

The Gown

Gowns, which are all black, are of three kinds. The bachelor's gown is relatively simple, with lines falling straight from a fairly elaborate yoke. Its distinguishing characteristic is the long pointed sleeve. The master's gown has sleeves with a back extending down below the knee in a crescent shape. The doctor's gown is an elaborate costume with velvet panels down the front and around the neck, with three velvet bars on the bell-shaped sleeves. It is cut much fuller than the other gowns and, unlike them, may be ornamental in color.

The Hood

For each college or field of study, there is a corresponding color.

At Governors State University, colors for master's hoods are:

- drab (yellowish-brown)
- salmon
- white
- pink
- green
