CENTRALIZED REGISTRATION AHEAD. Registration for September/October and November/December will take place August 20-22 in the Hall of Governors and again on the first day of each session. Students will pick up registration forms from their own Colleges, gain signatures for any modules or overloads requiring special permission and then register and pay in the Hall of Governors for all Colleges. This will be GSU's first attempt at centralizing registration. The schedule of learning modules will be available at the end of July and will include detailed instructions for registration including a schedule of registration for students which gives priority to those who have been at GSU the longest. Students can register during their scheduled time or anytime thereafter with Add/Drops permissible for the first 10 days of the session.

AT THE BOG...significant actions with respect to GSU involved approval of the capital and operating budgets for FY76 beginning next July. The ROG approved the University's request for planning and construction of a reduced Phase II (approx. 113,000 square feet) at $11.2 million. The budget must clear the BHE which has said in the past approval was contingent on GSU making its enrollment of 3,000 FTE during the coming year...also approved was an operating budget of $11.62 million, and denied was a GSU request to increase the figure to $12.5 million (GSU's current operating budget for the fiscal year beginning three weeks ago is $9.3 million)...also announced at the ROG July meeting was LESLIE F. MALPASS' appointment as the eighth President of Western Illinois University in Macomb. "I'd just like to know what in hell is happening, that's all!
I'd like to know what in hell is happening!
Do you know what in hell is happening?"
Long ago an Indian war chief counseled his people. He wisely told them. "Education is a ladder to help us reach happiness. Go, and climb that ladder."

Go, my son. Go and climb the ladder.
Go, my son. Go and earn your feather.
Go, my son. Make your people proud of you.

Work, my son. Get an education.
Work, my son. Learn a good vocation.
Then climb, my son. Go and take a lofty view.

From on the ladder of an education
You can see to help your Indian nation.
Then reach, my son,
And lift your people up with you.

*Based on the true story of an Indian war chief who once told his people that education was a ladder to help them reach success and happiness, the song "Go My Son" was written by Arliene Nofchissey, a Navajo, and Carnes Burson, a Ute. In it is found a message for all Indians--men and women--to progress, to help their Indian nation.
