It has been accepted for inclusion in Faze 1 by an authorized administrator of OPUS Open Portal to University Scholarship. For more information, please contact opus@govst.edu.
SEPTEMBER UNIVERSITY ASSEMBLY MEETING...substituted a Faculty Workload Policy previously passed by the Assembly and approved by the President. The substitute motion must now go to the President for approval or veto. The motion reads, "there will be no University-wide policy on the Faculty workload; the matter of Faculty Workload be a procedural matter to be worked out by the individual colleges with the approval of the Vice President for Academic Affairs."

Other measures passed by the Assembly and passed on to the President include a University Oupost Policy and a Policy on Smoking Regulations. The latter permits smoking in commons areas, cafeteria and offices of those who give their consent. Explicitly prohibited is smoking in laboratories where a fire hazard exists, in enclosed classrooms, conference rooms, and theaters, the LRC, and in the recreational facilities in building F...established was a University committee on Copyrights pursuant to the provisions of the Copyright Policy now in effect...in other Assembly news, ELLEN SILVER (CHILD student) replaces PAUL BISGAARD on the Assembly, BEVERLY THOMPSON (FA) replaces CATHY TAYLOR (now A & R) as civil service rep. and JOHN MATRAS (CBPS student) replaces BERNARD SLUIS.

...from the BOG Council of Faculties report: JAMES BUCKENMYER (CBPS) has been replaced by alternate DAVE BURGEST (CHILD)...the Council will conduct an official Council of Faculties Referendum among the faculties of the five BOG institutions to determine feelings for or against system-wide collective bargaining. Ballots will be out October 11 and should be returned October 18....also passed was a sense of the Assembly regarding Schedule 6 that it include competencies of every module listed and be given to every student and faculty member.

ANTIGONE OPENS WEDNESDAY...as the debut theater production in the new GSU drama workshop. The play runs through Sunday with an 8 p.m. curtain each day except 7:30 p.m. Sunday. Tickets may be obtained through the University Cashier (also at the door) for $2 for University faculty and staff, $1 for students with ID and $3 general admission.

GSU JAZZ...which has made the national collegial scene in a big way these first GSU years will play to a benefit jazz festival in the GSU theater on Wednesday, October 30 at 7 p.m. Tickets are available from the University Cashier at $1.75 for adults, $1 for students, 75¢ for children under 12. WARRICK CARTER (CCS) will direct the performance, whose proceeds will benefit the GSU Child Care Center.

FAZE I and Events deadline...is Wednesday morning for a Friday distribution. Items should be submitted in writing to the Office of Communications. Items not used because of space limitations will be held for following issues.
VERMEER ON THE ROCKS A SMASH...Standing on the set of Antigone, DAN YOUNGDAHL (CCS) noted "these are supposed to be rocks...so I guess you're about to see the Vermeer Quartet on the Rocks." The crowd was even larger than the first week's affair when a coffee reception and a difficult Bach solo for unaccompanied violin by Shmuel Ashkenasi was prompted by the Chicago police and second violinist Pierre Menard's speeding. Menard did not make it to the newly outfitted GSU theater. But the 350 who filled virtually every seat to see the famed quartet seemed to enjoy the unexpected events and was probably as gracious an audience as one could expect. Ashkenasi received an ovation for his impromptu Bach, invited everyone to return the following Sunday evening, and lo and behold they did...and more. This time more than 400 arrived to hear Ashkenasi say "Well, we're here again...all of us." The audience response to the Vermeer was so overwhelming and the series of events so special, that the Quartet informally indicated they would be delighted to participate in other GSU events.

PAYROLL ON THE MOVE...Effective October 16, 1974, the Payroll Office will be assigned to and located in the Business Operations office. The new telephone number is ext. 2108.

R & I ORIENTATION...for new faculty members is scheduled for October 15 from 2 to 5 p.m. in the Community Conference Center (Coffee will be served). Not limited to new faculty only, anyone who is interested in attending is welcome to come.

Some of the areas that will be covered in this session is the overall mission and responsibilities of R & I, what services are available to the GSU family, and what research says about the University.

The R & I Wing looks forward to seeing many of you there.

GOING UP?...Then there was BETTY ELLIOT (R & I) who dutifully pressed the blank button in the elevator when someone asked for "Four."

"WOMEN IN SOCIETY"...is the title of a special workshop to be conducted by Women's Studies Professor HARRIET GROSS (CCS) on the first four Fridays of November in the Park Forest Library from 1:15 - 3 p.m. The workshop is designed for non-working women and working non-professionals who often have anxieties and confusion toward such as "Women's Liberation", and the "Women's Movement".

SCHOOL CLIMATE WORKSHOP...sponsored by CHLD will be held Thursday, October 24 from 9 a.m. to 4 p.m. The workshop leader is Dr. William Maynard, an urban high school principal in the Seattle Public Schools. He is founder and member of the National Task Force on School Climate Improvement and has considerable leadership experience at the national level as well as within his own school district. The workshop is designed to provide administrators, supervisors and other educational leaders with an understanding of school climate and awareness of techniques and skills with which to improve the environment of their schools. Contact Dean Cogdell's office for more info.

"Sure, making $2,600,000 is nice...but being the only teacher left is a drag."
GSUings...DON DOUGLAS (CEAS) selected by Argonne National Laboratory to attend a two-day faculty workshop, "Radiotracers in Biology,...BILL BOLINE (CHLD) conducting a week of Right's and Responsibilities workshops at a housing seminar sponsored by the Altgeld Urban Progress Center's Advisory Committee...TED ANDREWS (CEAS) elected to the American Biological Sciences Education Committee which recommends policy to the AIBS staff and governing board (ANDREWS served on the governing board for eight years and the executive committee for 6)....WILLIAM E. ENGBRETSON (PRES.) participating in the accreditation self-study of Empire State College in New York...DUKE RANK (CCS)'s book, Edwin O'Connor, being reviewed prominently in the Boston Globe (check the LRC display cases which has some of the early drafts and the process to the finished product)...VIRGE PIUCCI (R & I) receiving an autographed picture of NELSON ROCKEFELLER (and a blank check?).

WHEN A HURRICANE BECOMES A GALE...that is, a Dr. Gale. ANDY GALE (CHLD) is the latest at GSU to complete his doctorate. On October 1, he passed his dissertation orals at Illinois Institute of Technology for his Ph.D. in psychology with the dissertation topic, "Under-achievement Among Black and White Male Junior College Students." Congratulations Dr. Gale! Whoever has the GSU statue for such achievements needs to forward it to GSU's latest doctor.

WISHES FOR A SPEEDY RECOVERY...to PAT BURKHARDT who was transferred from St. Francis Hospital to Mercy Hospital in Chicago on Thursday, October 3. She has started treatments on Saturday, October 5, and expects to be in Mercy for about two weeks receiving the treatments.

GSU needs to see her smiling face. Hurry back, Pat, our wishes and prayers are with you.

QUESTION OF LAST WEEK: What is "Tattle-tape"?
Answer: It's the automatic detection system designed to cut book losses and preserve the LRC collection. The system is used in lieu of those impersonal guards. Books and media have been electronically sentitized. A book check unit from the circulation desk allows you to get out of the LRC without alarms going off or the arrival of the National Guard.

THEOLOGY FOR LUNCH BUNCH...continues its Wednesday noon - 1 p.m. sessions in the Student Services conference room (DII20) on October 23 with Rev. Patricia Ludwig, of St. Paul's UMC, Homewood on the topic "Women and Religion." Other discussions ahead include, "Can You Make It Alone?" with Elmer Witt on November 6. On November 20, Rev. Joseph Stalzer, "Who's Hungry--and Why?"

MINI-COURSES...for improving college teaching have been placed on two-hour reserve in the LRC. The 12 mini-courses are part of a Purdue/Exon program and cover such areas as behavioral objectives, affective objectives an instructional model for college teaching, innovations, instructional technology, teaching through discussion, etc. More info on the project through OTIS LAWRENCE (CEAS) Ext. 2406.

THE SHADOW KNOWS...or did anyway. A "Nostalgia and History" trip will be a learning module in N/D with visiting professor J. Fred McDonald of the Popular Culture Institute at Northeastern Ill. Univ. The 10 a.m. - 12 noon Saturday class will be highlighted by old-time radio and TV shows, hit tunes of the past, underground films and newspapers, comics and rock 'n' roll. An exhibit of "Kitch" will be held concurrently at GSU with donations of old magazines and other items of nostalgia. Imagine, Wonder Woman, Captain Marvel and Uncle Miltie all together at last.

SPORT SOCIOLOGY BULLETIN...is another publication being continued from a GSU home. Brought to Governors State by the irrepressible BENJAMIN LOWE (RECREATIVE STUDIES/CHLD), the Bulletin is in its third year. The current edition is available to GSUers free of charge from BEN LOWE and includes such articles as "Sport, Mobility and the Black Athlete", "Football U: A Proposal", "Boxing Stereotypes Versus the Culture of the Professional Boxer: A Sociological 'Decision.' Also included are abstracts, reports, conferences. Rumor has it that an article is being prepared on the sociological dimensions of an empty swimming pool.
