BOG COUNCIL OF FACULTIES... The Election Commission announced this week that Sandra Whitaker (HLD) by reason of non-opposition, has been declared winner of a three-year term as representative to the BOG Council of Faculties. No other candidates submitted nominating petitions. Hence there is presently no alternate in the three-year position.

CONGRATULATIONS TO... Aida Shekil (BPS) who was elected Chairperson of the University Assembly and to Jerome Starks (CCS) elected Secretary.

Elections were resumed Wednesday at 9 a.m. for the HLD student rep, and will continue thru noon, Saturday, March 6.

SERVICE CUT – CALL HOME BEFORE 11...After hours telephone service will be restricted in an effort to keep the GSU telecommunications budget in line. The change involves restricting access to the outside lines from within the University. After 11 p.m. Monday thru Friday, and after 5 p.m. on Sat., calls originating from either within or outside (to GSU) will not be completed. For incoming calls a recorded message will provide a number available for emergency situations.

THE GSU CRUNCH - 77... BOG REPORT... A resources-enrollment FY77 plan, based on latest BHE budget recommendations, discusses the possibility of being forced to cap enrollment. Data indicates that:
(1) The BOG System Universities will not be able to employ approximately 50% of the additional faculty which were originally requested in order to meet next fall's enrollment surge, and
(2) To meet these enrollment increases without full funding will require both reallocations and increases in faculty-student ratios for the system as a whole. In a February 20 memo to GSU staff and faculty, President Engbretson directed that for academic, physical, and fiscal reasons "effective immediately, college size will be limited to a maximum of 1500 headcount students as originally planned and agreed upon. This decision was reached by the Administrative Council after lengthy consideration...Further, we are asking the Acting VP, AA to assist the Deans and the colleges in modification of their academic offerings to ensure that a blending of liberal arts and sciences occurs in all instructional programs and that growth is managed in all instructional programs. Teacher education undergraduate programs are generally limited to current levels by BHE Master Plan IV. This does not apply to areas of crucial needs such as Bilingual-Bicultural Education."

QA ON CS...Q: In what situations are Civil Service employees not eligible for holiday pay?
A: In order to be eligible for holiday pay, an employee must be on pay status the work day before and the work day after a holiday. Pay status is: at work, on sick leave, on vacation, on jury duty, a subpoenaed witness call, or absent from work as a result of an accident compensable under Workmen's Compensation. In short, don't be on a dock status before or after a holiday, or you don't get paid.
