SPRING-SUMMER REGS. SURVEY OF STUDENT SERVICES
Excepting late registrants, every Spring-Summer student was asked during registration to fill out a questionnaire on Student Services. A total of 2767 valid questionnaires was completed and the results have now been tabulated. Over two-thirds of the respondents (68.7%) voted against "expansion of Health Services to include the services of a physician with an appropriate additional fee providing the revenue." (The 31.6% who responded positively favored a median fee of $5.00 per student to cover the additional expense entailed in hiring a doctor.)

Students were also asked to rank in importance the several services supplied by Student Services. The results are listed below, arranged in descending order of importance to students.

QA ON CS...Q. How does seniority affect layoff?
A. Whenever it becomes necessary to layoff one or more employees, the employee who has the least amount of service in the class shall be laid off first, and additional layoffs shall be made in the ascending order of the place of the employee on the service and seniority for that class.

DID YOU KNOW? A recent R&I study shows that, despite the massive enrollment increases of the past two years, the GSU faculty has managed to maintain, even increase, its involvement in community service. The Fall '74 Trimester saw faculty, equal to 4.24 full-time faculty members, working in and with the community. HLD led the way with the equivalent of 1.22 faculty members dedicated full-time to the community. In the Fall Trimester of '75 the equivalent of 7.46 faculty spent full-time working at community service. (Included in this figure are the two full-time Community Service administrators, Drs. Robertson and Mosley.) HLD, at 1.56, was tops once again, but BPS ran a close second at 1.48.

GROWING PAINS? Mr. David Whitson, Will County Extension Agent, University of Illinois, College of Agriculture, Cooperative Extension Service, will be at the GSU garden site (near the Public Safety Building at the Southeast corner of the intersection of Governor's Highway and Stuenkel Road at 2:00 p.m. and 6:00 p.m., Thurs., June 24. Mr. Whitson will diagnose, discuss, and advise on gardening problems including garden plants, lawn care, shrubs, trees. Bring your plants and problems. For further info contact Leon Fennoy, ext. 2494.

SPEAKER CHANGE...Higher education in Ill. will be discussed by Congressman George M. O'Brien at GSU Friday, June 18.

Free to the public, the address by the Representative for the 17th congressional district will be at 7:30 p.m. in the CCC. Rep. O'Brien of Joliet replaces Rep. John N. Erlenborn of Glen Ellyn, who was originally scheduled.

THE LAST FAD...The last meeting of FAD for the academic year 1975/76 will be held on Mon., June 21, noon to 1:30 p.m. in BPS Conf. Rm. Discussion leader will be Viera L. Pablandt (HLD) discussing "An Experimental Paradigm of Social Alienation." A related article may be picked in advance from Donna Lowe (ext. 2365). Of special interest to educators, the discussion will focus on the concept of learned helplessness and social alienation and its application to competency-based teaching. Bring your brown bag--coffee and rolls provided. FAD will reconvene in the fall.

THE WHY OF TRAFFIC ENFORCEMENT AT GSU: REPORT FROM PUBLIC SAFETY...In 1975, Public Safety officers at GSU responded to 34 traffic accidents, and took reports of criminal damage to state supported property at least once each month. Since January 1, 1976, officers have already responded to 25 traffic accidents, and have taken reports twice each month from individuals reporting criminal damage to property. Approximately 75% of the traffic accidents were "fender benders" occurring in and around GSU's five parking lots. The other 25% have occurred on adjoining roads and have been of a more serious nature.

The criminal damage to state supported property incidents have ALL occurred in and around the GSU parking lots. Vehicles have damaged parking gates, exit treadles, coin machines, shrubbery, sod, curbing, etc. "Fender benders" in the lots have occurred as a result of large full-sized vehicles using compact car spaces, persons parking outside painted lot lines, and vehicles occupying more than one indicated space.

As a result, the Department of Public Safety has increased patrol of these areas and ticket violators who cause these types of incidents. Fines issued in traffic court have ranged from $5 to $25 (parking - $5, gate fraud, curb jumping, etc. - $25). Persons associated with GSU that are NOT visitors and use the visitors lot are also issued citations.

If you have a problem gaining entry into any lot, notify a Public Safety officer as soon as possible for assistance. DO NOT tailgate or drive over a curb to gain entry. If you wish to report an accident OR incident of criminal damage to property or an apparent violation of the parking and traffic regulations, notify the Department of Public Safety at 534-5000, ext. 2198.

RETRACTION...The FAZE inadvertently "jumped the gun" last week in reporting an "all GSU" faculty and family picnic as scheduled for June 19. Plans for the picnic were incomplete and have now been cancelled.
New GSU President

June 17, 1976--Leo Goodman-Malamuth II, 52, Vice-President for Academic Affairs at California State University at Long Beach, has accepted the Presidency of Governors State University. His name was announced today at the June meeting of the Board of Governors of State Colleges and Universities held in Springfield. The announcement climaxed an intensive five month search for a new president following the resignation of W. E. Engbretson, founding GSU president since 1969.

Dr. Goodman-Malamuth is former chairman of the university academic senate at California State University, former member of the national committee on professional development of the American Association of University Administrators, and present member of the chancellor's advisory committees on continuing education and for the California State University and College Consortium. He is associate editor of "Etc., A Review of General Semantics." He is a member of a number of professional organizations. In community service he is active with the Chamber of Commerce, a hospital, the heart association, and is a former school board member. He was an Army private.

Dr. Goodman-Malamuth joined California State University in Long Beach 20 years ago as an assistant professor where he was instrumental in developing the present speech and hearing clinic. He progressed through faculty ranks to professor of communicative disorders. He subsequently was area chairman for speech pathology-audiology and chairman of the department of speech before assuming the vice-presidency of academic affairs. Before joining California State he was instructor of speech for the University of California, Far East, which included the Philippines, Guam, Japan, Korea, and Okinawa, and the University of California at Santa Barbara. He received a B.A. degree in speech, radio-TV; an M.A. in speech Pathology, and a Ph.D. in speech pathology and communication at University of Southern California.

He was born in Los Angeles and reared in Redondo Beach, California. He and his wife, the former Margaret Anna Pegelow, have a son, Leo III, 26, recently graduated from California State University in San Diego.

GOODMAN-MALAMUTH...ON GSU

In a brief news conference for community press held at 3 p.m. in the GSU Community Conference Center, President-elect Goodman-Malamuth thanked Aida Shekib (University Assembly Chairperson) for her leadership in the conduction of the presidential search and commented on his perceptions of the University he will soon head. Noting that there were many presidential positions open at present, he listed his personal reasons for choosing GSU: "This university is the image and representation of people's dreams...an idea ahead of its time...a dream that needed fulfillment." "The kinds of faculty, students, and staff brought together to share in this idea...are making an important thrust in Higher Education today--are on the cutting edge of where it's going." "I am pleased to be able to join in with you in the fostering of these dreams and aspirations as an impact upon the students who will remake society."

Leo Goodman – Malamuth II
When asked about his views on the present GSU academic calendar, Dr. Goodman-Malamuth replied that he was "very positive about it" and felt that the needs of the students were an important consideration: the "experiment here has given leadership to a year-round model."

In response to queries about his plans for the future of GSU, Dr. Goodman-Malamuth stated that he intended to first "do a lot of listening, sensing, and discussing - to fit it together to share with my colleagues. It's important to know where we've been."

September 1 is the tentative date set for his arrival as GSU's second president.

At the same conference, founding President W. E. Engbretson revealed his plans to accept a position as a consultant to Billy Jack Enterprises in California where he will be involved in the development of a model alternative school. His resignation ends a seven year term which saw the University through its conception, birth, and steady development as a unique and innovative institution of higher education in Illinois.

GOODMAN-MALAMUTH...PROFILE

In a phone conversation with the Director of Public Affairs, California State University, Dr. Goodman-Malamuth was described as an excellent administrator who likes to deal with problems personally rather than on paper. He has made many friends in this part of the country. His wife Margaret is a native of Bemidji, Minnesota. Although born, raised, and educated in California, he has experienced cold weather in previous periods in his career and finds no problem in adjusting to the midwest winters.

Important trivia gleaned from his visit to GSU - Dr. Goodman-Malamuth drives a 1962 Mercedes-Benz.

SPECIAL NOTE

As a public service, ICC will offer for continuous viewing a special video-tape interview of GSU's new president by WEE made Thursday. Equipment will be set up in the ICC lobby through next week.
