PARKING FEES REVISED...President Goodman-Malamuth is pleased to announce an interim reduction in parking fees. This action was taken in recognition of the tuition increase which will impact heavily upon GSU students, plus the overall increase in the cost of living which affects us all. Personnel from the Business Office have been working with the Physical Resources Committee of the University Assembly over the past few months on the parking fees. As a result of these discussions, both the Physical Resources Committee and the Executive Committee recommended the fee reduction. The new fees will be effective September 6, the beginning of the new Trimester:

Annual--------$22.00 ($13 reduction)
Trimester-----$ 8.00 ($4 reduction)
Single Entry--$ .50 (no reduction)

Cards may be purchased or refunded throughout the year on a monthly prorated basis. A parking consultant has been retained and will be working with the University in making recommendations regarding parking and other related matters. The interim fee schedule will remain in effect until that study has been completed. Furthermore, the parking gates will be raised at noon on Saturdays and activated again early Monday mornings.
