POLICY APPROVED

The following resolution brought before the University Assembly at the Oct. 27 meeting was passed by the Assembly:

"Inasmuch as the University Assembly is the democratic governing body of Governors State University and represents all GSU constituencies, any and all policies or procedures which concern civil service employees should either initiate from the Civil Service Subcommittee of the Human Services Committee or be directed to the attention of the Civil Service Subcommittee for action prior to the time they are brought to the University Assembly floor. An open hearing should be held and copies of relevant material distributed to all civil service employees, thereby allowing the civil service employees an opportunity to be aware of the issues which concern them and upon which they may wish to comment."

Future issues of concern to University Civil Service personnel will be handled according to the procedures outlined in the above procedures.
