IN THE BEGINNING . . . .

GOD CREATED HEAVEN AND EARTH. Quickly he was faced with a class action suit for failure to file an environmental impact statement. He was granted a temporary permit for the Heavenly part of the project, but was stymied with a Cease and Desist Order for the Earthly part.

Appearing at the hearing, God was asked why He began His Earthly project in the first place. He replied that He just liked to be creative.

Then God said, "LET THERE BE LIGHT" and immediately the officials demanded to know how the light would be made. Would there be strip mining? What about thermal pollution? God explained that light would come from a huge ball of fire. God was granted provisional permission to make light, assuming that no smoke would result from the ball of fire, that He would obtain a building permit, and to conserve energy, would have the light out half the time. God agreed and said He would call the light DAY and the darkness NIGHT. Officials replied that they were not interested in semantics.

God said, "LET THE EARTH BRING FORTH GREEN HERB AND SUCH AS MAY SEED." The EPA agreed so long as native seed was used. Then God said, "LET THE WATERS BRING FORTH THE CREEPING CREATURES HAVING LIFE AND THE FOWL THAT MAY FLY OVER THE EARTH." Officials pointed out that this would require approval of the Fish and Game Commission, coordinated with the Heavenly Wildlife Federation and Audobongelical Society.

Everything was okay until God said He wanted to complete the project in six days. Officials said it would take at least 100 days to review the application and impact statement. After that would be public hearings. Then there would be 10 or 12 months before . . .

And God said, "THE H--- WITH IT!"

THE CONSTITUTION

PREAMBLE

Effective governance being indispensable to the fulfilling of our responsibility for instruction, the advancement of knowledge, and service to the community, we herewith establish a Constitution for Governors State University. Governance is carried out through an internal system which exercises powers within the limits established by the laws and regulations of the State of Illinois and the policies and by-laws of the Board of Governors of State Colleges and Universities and which recognizes that the final approval of policy rests in the Office of the President of the University. Governance is the responsibility of the entire University community. All constituencies will have the opportunity to be represented and to participate in the governance processes of the University.

The system of governance is based in the Faculty Senate, the Civil Service Senate, and the Student Senate. Each Senate makes decisions and formulates, reviews, and recommends policy on behalf of its constituency and includes representation from the administration and the community. The Senates are assisted by a Coordinating Council that is non-legislative in nature. Each college shall have its own internal governance system. All the processes and systems of governance within the University must be congruent with this Constitution.

ARTICLE I: ON THE TITLE

This document shall be known as the Constitution and By-laws for University Governance at Governors State University.

ARTICLE II: ON THE CONSTITUENCIES

The constituent groups for purposes of University Governance shall be:

A. THE FACULTY CONSTITUENCY. The faculty constituency is comprised of:

1. Persons eligible for membership in the collective bargaining unit for academic employees recognized by the Board of Governors of State Colleges and Universities.

2. Persons holding appointments as librarians, counsellors, and instructional designers who may be eligible for tenure in their professional capacities and who do not hold appointments as Level I, II, III, or IV administrators.

3. Other full time professional employees not eligible for membership in any other constituency.

B. THE CIVIL SERVICE CONSTITUENCY. The civil service constituency is comprised of all exempt and non-exempt civil service employees at Governors State University.

C. THE STUDENT CONSTITUENCY. The student constituency is comprised of all students in good standing at Governors State University except full time regular employees of the University.
D. THE ADMINISTRATIVE CONSTITUENCY. The administrative constituency is comprised of all full-time employees serving in positions which preclude their membership in the faculty constituency or the civil service constituency while so serving.

E. THE COMMUNITY CONSTITUENCY. The community constituency is comprised of persons not employed by the University who live or work within the region served by the University, together with alumni and students not eligible as members of the other constituencies.

ARTICLE III: ON THE SENATES AND THEIR POWERS

A. GENERAL POWERS OF THE SENATES

1. Each Senate shall interpret its powers as consistent with those set forth in Board of Governors by-laws and policies and as provided in this Constitution.

3. No Senate may recommend policies or decisions to the President other than within the scope of its powers as defined in this Article.

4. No Senate may veto or otherwise delay the actions of any other Senate except by mutual consent.

5. Whenever a Senate recommendation requiring Presidential approval has passed through the Coordinating Council and is disapproved or not acted upon by the President within thirty calendar days of the passage and transmittal of the recommendation, the Senate, by a vote exceeding two-thirds of a quorum present and voting, may call its recommendation to the attention of the Board of Governors for resolution. The Senate Chair will be obligated to present the conflicting recommendation to the Board.

B. POWERS OF THE FACULTY SENATE. The Faculty Senate shall formulate, review, and recommend policies concerning academic programs, instruction, the granting of credit and degrees, academic standing, faculty personnel matters including evaluation, retention, tenure, merit, working conditions, appeals, grievances, creation of and search for administrative positions, faculty governance, student life, campus resources and facilities, the budget of the University, and academic organization. The Faculty Senate shall advise on specific decisions which may be made under any of these policies in a manner which shall be set forth in the by-laws of the Faculty Senate.

C. POWERS OF THE CIVIL SERVICE SENATE. The Civil Service Senate shall formulate, review, and recommend policies concerning civil service affairs, working conditions, evaluation, salary, merit, civil service education and development, civil service governance, grievances, and campus resources and facilities. The Student Senate shall advise on specific decisions which may be made under any of these policies in a manner which will be set forth in the by-laws of the Student Senate.

E. **COMPOSITION AND FUNCTIONING OF THE SENATES**

1. Each Senate shall be composed of a specific percentage of the total constituency it represents. This percentage will be determined by the constituency and recorded in its own by-laws.

3. The Senates shall set forth in each of their by-laws the methods and time-tables by which legislation may move forward to publication, review by interested parties, and through the Coordinating Council for approval by the President. Such methods and time-tables must be similar for all three Senates, adopted by mutual consent.

Such statements shall be signed by the concurring members of the Policy Monitoring Committee and shall contain a proposed remedy for the asserted violation. The President and/or the Executive Director shall communicate in writing his/her response to the statement of the Policy Monitoring Committee.
