tolerating none in you, which is a great

FIILMS FOR LUNCH...Tired of those dull, lost, lazy lunch hours? Sick of watching your buddies slowly getting fat day after day? Then grab your brown bag and come to the LRC Media Center's newest freebie. Beginning Thursday, January 11, from noon until 2 p.m. in the computer classroom, the library will present weekly screenings of all sorts of interesting films lovingly culled from our own massive collection. Their object is to entertain you, inform you, and remind you just how great a good film can be. There will be two showings each Thursday, the first from noon until one and again from 1 p.m. until 2 p.m., so there's no excuse for anybody to miss these beauties. Come, relax, stuff your gullet, and enjoy! The first offering--UNION MAIDS (54 min.)--is a real blockbuster guaranteed to leave you fuming in anger, weeping for joy, and shouting for justice. And who knows, you might even learn something about the 1930's American labor movement and women's rights. Altogether an excellent, rousing film. Future selections will include:

- Jan 18: Black American Dream (65 min.)
- Jan 25: Bolero (27 min.)
- Pas De Deux (14 min.)
- Ballet Adagio (10 min.)
- Feb 1: Frank Film (9 min.)
- The Sixties (15 min.)
- Televisionland (12 min.)
- Nixon: Checkers to Watergate (19 min.)

For further information watch the bulletin board just outside the LRC or feel free to call X2326 at the Media-SIM Center.

COLD WEATHER HINT...You can help prevent fogging and frosting of the interior surfaces of your car windows by leaving them slightly cracked open. This allows the moisture that has accumulated from your breath in the relatively warm car to evaporate into the cold outside where the absolute humidity is quite low, rather than condense on the cold windows and there freezing.
New equipment being purchased in your department? That may mean going through Joyce Gordon, Purchasing Assistant in the Business Office. Along with tagging, reporting and recording each new piece of GSU property valued at more than $100, Joyce is also responsible for following the state guidelines and procedures when each purchase is made. If you take a look around GSU, you'll agree that's a lot of tagging, reporting and recording. Of course, Joyce also works with the other Purchasing and Business Office personnel in preparing bids and quotes.

A GSU Staffer since October, 1972, Joyce began as Clerk III, became a Secretary III and IV and then moved to her present position in Purchasing. Over the years she has had the opportunity to view the progress of GSU firsthand. The Business Office was the first unit to move into the new building. "It's really growing and I just hope it succeeds because it is so badly needed in this area", is Joyce's observation. She explained that GSU's major impact should be on the students attending the large number of nearby junior colleges. She adds that there are a lot of "good people" at GSU who are dedicated and concerned enough to make sure GSU reaches its goals.

Joyce could be described as a "good person" where education is concerned. She is more than interested - she participates. Elected to the East Chicago Heights School Board in 1974, Joyce says that her goal as a member is to see that each student in that district's elementary schools leaves on a high academic level ready to meet the challenges and opportunities the secondary school experience will provide. Joyce, with this goal in mind, was one of the board members instrumental in initiating a summer math seminar for students entering high school in her area. She hopes to be reelected to her third term on the school board in 1980. She also serves on the Board of Directors of the National Black Caucus for School Board Members and on the Board of Directors of the GSU Credit Union.

Joyce's future, she says, includes GSU, the school board and possibly some classes. Although her background lies in education and business, she has an unfulfilled dream to enter the nursing profession. Mother of six sons and grandmother of five grandchildren, Joyce and her husband, Charles, will celebrate their 26th wedding anniversary January 21. Charles is a systems analyst at the University of Chicago.
