THE DEAN
Leaps tall buildings in a single bound,
is more powerful than a locomotive
is faster than a speeding bullet,
walks on water,
gives policy to God.

THE DEPARTMENT HEAD
Leaps short buildings in a single bound,
is more powerful than a switch engine,
is just as fast as a speeding bullet,
walks on water if the sea is calm,
talks with God.

THE PROFESSOR
Leaps short buildings with a running start & favorable winds,
is almost as powerful as a switch engine,
barely keeps up with a speeding bullet,
walks on water in an indoor swimming pool,
talks with God if special request is approved.

THE ASSOCIATE PROFESSOR
Barely clears a quonset hut,
loses tug of war with locomotive,
can fire a speeding bullet,
swims well,
is occasionally addressed by God.

THE ASSISTANT PROFESSOR
Makes high marks on the walls when trying to leap short buildings,
is run over by locomotives,
can sometimes handle a gun without inflicting self-injury,
dog paddles,
talks to animals.

THE GRADUATE STUDENT
Runs into buildings,
recognizes locomotives two out of three times,
is not issued ammunition,
can stay afloat with life jacket,
talks to walls.

THE UNDERGRADUATE
Falls over doorsteps when trying to enter buildings,
says, "Look at the choo-choo."
Wets himself with a water pistol,
plays in mud puddles,
mumbles to himself.

THE DEPARTMENT SECRETARY
Lifts tall buildings and walks under them,
Kicks locomotives off the tracks,
catches speeding bullets in her teeth and eats them,
freezes water with a single glance,
She is God.
