PROFILES OF ACADEMIC MAJORS

FALL 1990

PROFILES BY ACADEMIC MAJOR -- FALL 1990

These Profiles by Academic Major provide a nine-year longitudinal snapshot of the selected enrollment and demographic statistics arranged by fall term and fiscal or academic year as appropriate.

The profiles are arranged by level (undergraduate/graduate) within academic major; majors are grouped by division within college. University summary profiles for classified (degree-seeking) students by level appear first, followed in order by collegial sections: CAS, CBPA, CE, and CHP; and then BOG and students-at-large. Each collegial section begins with summary profiles by level for the degree programs in the college. Indices appearing on the inside of the front and back covers list all majors alphabetically for those readers unfamiliar with collegial/divisional affiliation of academic programs. An **OVERVIEW** of majors on the facing page (arranged alphabetically by level) provides a display of current data for frequently used statistics as well as a page reference for detail profile with historical data.

Historical data provided in the profile for each major are grouped by fall term (top page) and annualized (bottom page) components.

The fall term component shows demographic data in terms of counts, as well as percentages based upon the number of enrolled majors. In the annualized statistics section, comparative cost information was taken from the published IBHE Program/Major Cost Studies by fiscal year, and thus coincides with the cost figures used in the BOG Annual Program Status Reviews. Student credit hours (SCH) are shown on an academic year basis and reflect the credit hours: 1) taken by student majors in courses assigned the their program (line 2); 2) taken by majors in courses assigned to other programs (line 3); and taken by non-majors in courses assigned to the respective program (line 4). For undergraduate programs, a retention/attrition profile is included also which shows the progression of each cohort of new undergraduate transfers admitted to the major.

Comments on and suggestions for improving these profiles would be appreciated.

January 17, 1991
