## **Annual Report 2018-2019, Governors State University Curriculum Committee (UCC)**

To: The Faculty Senate, Governors State University

From: GSU University Curriculum Committee

Date: May 9, 2019

Members of the University Curriculum Committee for AY 2018-2019 include: R. Andusar; (replaced J. Zhang); M. Cooney; S. Ji; M. McCaffrey; L. Pennington; R. O'Shea; U. Rajadhyaksha; C. Romanowski; S. Spencer; C. Tymkow; E. Walsh.

As the report on the following pages indicates, UCC had a very busy and productive year. The committee was successful in deliberations due to the collegiality and dedication of both new and long-serving members who represent every college at Governors State University. Members willingly committed additional time to review submissions beyond the regularly scheduled committee meetings. Thus, several additional sessions and individual reviews were added to accommodate the number of curricular submissions.

The initiation of the Curriculog system has made the process and progress of curricular review more transparent. While there remain some challenges in the system, many will be resolved as committee members, faculty, and administrative staff become more familiar with the nuances of the system. Education regarding the process and use of forms will be on-going. To that end, in-service sessions on the system were initially implemented through the Office of the Provost and co-facilitated by Technical Services Librarian, C. Romanowski. UCC members then met with individual departments and College Curriculum Committees (CCCs) to clarify and answer questions about the process. In addition, individual faculty members were invited and attended curriculum committee meetings to clarify or discuss proposed curriculum changes; this process will continue.

Some issues that have required change or clarification this year include: 1) an update of the syllabi templates which are currently on the GSU Website; 2) education to all faculty/departments on the use of appropriate forms for submission of new syllabi or curricular changes (more to be done in next academic year); 3) Review of policies 2 and 3 (more to be done in next year); 4) impact of NCSARA guidelines on syllabi content as the university moves toward diverse education modalities, particularly hybrid and online education; 5) University Curriculum Committee representation on the Academic Master Plan Advisory Council and General Education Council. Many thanks to Megan McCaffrey and Cynthia Romanowski for representing the Curriculum Committee on those forums.

Respectfully submitted,

Catherine Tymkow EdD, DNP, RN  
Chair, University Curriculum Committee  
Governors State University  
University Park, IL. 60484
