CONTEMPORARY HEALTH ISSUES

Broadcast Title: Contemporary Health Issues
Course Number: HLSC 305 W
Reference Number: 50621
Credit Hours: 3 Undergraduate Credit Hours Only
Description: A contemporary look at critical health issues facing today's society. This course examines drug usage, the effects of emotion on health, the safety of food, genetic counseling and the rising costs of health care. The startling number of technological advances is also contrasted with the surprising number of health problems that still exist.

Tuition and Fees: Undergraduate: $214.50

Orientation: GSU Saturday, September 7, 10 a.m., or Monday, September 16, 4:30 p.m.

Instructor: Dr. Lee Hertzman
