This Report is brought to you for free and open access by the Office of Institutional Research and Effectiveness at OPUS Open Portal to University Scholarship. It has been accepted for inclusion in Profiles of Academic Majors by an authorized administrator of OPUS Open Portal to University Scholarship. For more information, please contact opus@govst.edu.

PROFILES OF ACADEMIC MAJORS

FALL 2006

PROFILES OF ACADEMIC MAJORS -- FALL 2006

The *Profiles of Academic Majors* provides a ten-year longitudinal snapshot of selected enrollment and demographic statistics arranged by fall term and fiscal or academic year as appropriate.

The profiles are arranged by level (undergraduate / graduate) within academic major. Majors are grouped by division/department within college. University summary profiles for all students, all undergraduates, all graduates, and classified (degree-seeking) students by level appear first, followed in order by collegial sections: CAS, CBPA, CE, and CHP, and then by the School for Interdisciplinary Learning program and sections for undeclared / non-degree-seeking students. Each collegial section begins with summary profiles by level for all degree programs in the college. Indices appearing on the inside of the front and back covers list all majors alphabetically for those readers unfamiliar with the collegial/divisional affiliation of academic programs. Also included is an **OVERVIEW** of departmental majors, arranged alphabetically by level, which provides a display of current data for frequently used statistics. The overview includes a page reference for the corresponding detail profile with historical data.

Historical data provided in the profile for each major are displayed on two pages for each major or summary grouping. The first page for each major shows fall enrollment data by selected demographic characteristics and presents counts, as well as percentages based upon the number of enrolled majors. The second page presents annualized data for each major. Degree counts are shown by fiscal year as reported to IBHE and other federal and state agencies. The comparative cost information was taken from the published IBHE Program/Major Cost Studies by fiscal year, and thus coincides with the cost figures used in the academic program reviews. The annual counts for applications, admissions, and enrollment were derived from internal trimester reports. The third page for each major provides a table of cross-tabulations (e.g., gender by ethnicity) for the current year's fall enrollment data.

You can contact Kathy Miller, who compiled this edition, in Budget, Fiscal Planning/Institutional Research at: k-miller@govst.edu.
