This Report is brought to you for free and open access by the Office of Institutional Research and Effectiveness at OPUS Open Portal to University Scholarship. It has been accepted for inclusion in Profiles of Academic Majors by an authorized administrator of OPUS Open Portal to University Scholarship. For more information, please contact [opus@govst.edu](mailto:opus@govst.edu).

## PROFILES OF ACADEMIC MAJORS -- FALL 2008

The ***Profiles of Academic Majors*** (PAM) provides a ten-year longitudinal snapshot of selected enrollment (e.g., headcounts) and demographic (e.g., age) statistics arranged by fall term, fiscal year or academic year as appropriate.

The PAM is organized into six major sections. The first section provides data at the university level (all students, all undergraduate students, all graduate students, and all degree-seeking students by undergraduate/graduate level). The next four sections provide data for the colleges: College of Arts and Sciences (CAS), CBPA College of Business and Public Administration (CBPA), College of Education (CE), and College of Health and Human Services (CHHS). Each college section begins with summary profiles by undergraduate/graduate level for all of its degree programs. Degree programs are grouped by division/department within college. (Indices appearing on the inside of the front and back covers list all majors alphabetically for those readers not familiar with the collegial/divisional affiliation of academic programs.). The sixth section provides profile data for undeclared/non-degree-seeking students that are organized by graduate/undergraduate level.

Also included is an **OVERVIEW** of departmental majors, arranged alphabetically by undergraduate/graduate level, that provides a display of current data for frequently

requested statistics. The overview includes a page reference for the corresponding detail profile containing the comparable historical data.

There are three pages of statistics for each major or summary grouping. The first page for each shows fall enrollment data by selected demographic characteristics and presents counts, as well as percentages, based upon the number of enrolled majors. The second page presents annualized data for each major. Degree counts are shown by fiscal year (as reported to the Illinois Board of Higher Education [IBHE] and other federal and state agencies). The comparative cost information is organized by fiscal year and comes from the annual IBHE Program/Major Cost Study, and thus coincides with the cost figures used in the academic program reviews. The annual counts for applications, admissions, and enrollment were derived from internal trimester reports and are organized by academic year. The third page for each major provides a table of cross-tabulations (e.g., gender by ethnicity) for the current year's fall enrollment data.

You can contact Kathy Miller, Institutional Research Data Coordinator, who compiled this edition, in Budget, Fiscal Planning/Institutional Research at:  
k-miller@govst.edu.
