Re: Appointment of Interim Vice President of Administration and Finance

I am pleased to announce that Kimberly Lambert-Thomas, GSU's Director of Budget and Financial Planning, has been promoted to Interim Vice President of Administration and Finance. Reporting directly to me, Kim will oversee the Division of Administration and Finance, including Budget and Financial Planning, Financial Services, Facilities Development and Management, Human Resources, Information Technology, and Public Safety.

Kim has excellent experience in budgeting and finance at three public institutions: University of Illinois at Chicago, University of South Florida, and Tarrant County College in Fort Worth, Texas. In the private sector Kim has overseen finances at J. P. Morgan Chase and the National Academy of Sciences.

During her time at GSU, Kim has demonstrated an exceptional level of analytical and conceptual understanding of issues in public higher education. This year, among many other responsibilities, Kim was responsible for the development, implementation, and daily management of the University's operating budget, an especially difficult task this year. I know that she will bring the same acumen and expertise to this new appointment.

We are in the process of searching for a new Director of Budget and Financial Planning and should have someone in place soon.
