FAZE I FEEDBACK... Compilations of reactions to FAZE I solicited during the Fifth Session produced these results: All 29 respondents indicated they were satisfied with the contents of FAZE I. Most (23) thought the newsletter had about the right amount of space devoted to the BOG and BHE while 2 thought there was too much and 3 thought there was not enough. Most (24) thought there was about the right amount of space devoted to humor and trivia while 4 thought there was not enough.

The most controversial question related to whether FAZE I ought to include items espousing causes of various sorts. Sixteen thought yes, although half of these were qualified in one way or another, while 12 thought these items should not be included. Scattered responses suggested there should be more of: personality sketches of people at GSU, discussion on GSU planning and what the Colleges are doing, more reporting on things like the University Assembly, discussion of ideas related to GSU, administrative actions, humanistic and positive things about the GSU community, student input, crossword puzzles, and cartoons.

Two people thought there should be less things like GSUings, less lectures and causes, less student news, and less "BOG, BHE yuk." An open ended item produced a variety of complimentary remarks and a couple of specific suggestions like a column on "shop talk" discussing what the various units are doing. Next week: **FEEDBACK ON THE FEEDBACK.**

TAX REFUND FOR TAX REFUND... If you received a refund of the Federal excise tax that you paid on the new car or light truck you purchased during the latter part of 1971, you also are entitled to a refund of any Illinois sales tax that you paid at the time of purchase on the amount of the Federal excise tax that was later refunded to you. For more information and the necessary forms for obtaining this refund, contact **JOAN CAMPBELL** in Personnel, Ext. 36.

AT THE BOG...The Board of Governors at its July 13 meeting approved release of GSU Phase II planning money. Also recommended that the Human Services Resources Center be continued on a limited scale from resources allocated to the College of Cultural Studies in FY 73 even though external funding is to be terminated. Additionally, the BOG reported that a training grant in the amount of \$36,354 has been tendered by the Department of Health Education and Welfare, via the Public Health Service, for planning a curriculum for nurses within the allied health sciences program of GSU. The BOG also received the University recommendation regarding Professor Stephen Finesmith.

CHANGING HORSES IN MIO-SESSION...What GSU Business Manager is no longer riding a motorcycle to work? He was last seen providing the trophy and ribbons for riders of four-footed horses in a local horse show.

AFTER A DAY AND A HALF of serious considerations by GSU unit heads at a management by objectives workshop, the tension-breaker turned out to be:

If planning fails, scheme!

POST CONVENTION NONSENSE...Did you hear about that new magazine called "Playperson?" The centerfold shows nude buildings.

TAKE A DICTIONARY TO LUNCH...You may come up with a daffynition as crafty as

prefabricate: lying in readiness.

"ONLY THE MOST SINCERE egomaniac can assume that because he is unable to make something relevant for him it is therefore irrelevant for all of society or even for his neighbor."
