Vol. 2, No. 6

FROM THE UNIVERSITY ASSEMBLY...At its September 28 meeting, the University Assembly passed a resolution presented by the Human Services Committee concerning the policies and procedures recommended by that Committee for the awarding of talent scholarships. This resolution suggested that talent scholarships be awarded to individuals displaying ability and talent in extracurricular activities such as athletics and recreation, leadership and job efficiency, the fine arts, journalism, speech and debate, such ability to be within the parameters expressed by the four performance objectives of the University. Recommendations regarding recipients of the talent scholarship could come from anybody within or outside the University. The awarding of the scholarships is to be handled by the Financial Aids sub-committee concerned with talent scholarships...passed a resolution that a voting member of the Assembly may call for a roll call vote and, if it is seconded, no vote is necessary and the roll call must be started...reopened the question of the Sztube Parcel of land by asking Herman Sievering and those he represented to submit in writing to the members of the Assembly a full report of the findings of the group investigating the ecological aspects of the Sztube Parcel.

The President's remarks at the Assembly meeting concerned the operating budget which was originally set at \$14-1/2 million and has now been pared to "a hiccup below \$12 million" and is now ready to be presented to the Board of Governors. He explained that the necessary cuts were made first by the Administrative Wing and R & I, then the Academic Wing.

INSTRUCTIONAL REVIEW SCHEDULE...the Vice President for Academic Affairs will be reviewing instructional programs and chatting with staff during the month of October as follows:

- Week of Oct. 2.....CCS
- Week of Oct. 9.....CHLD
- Week of Oct. 16.....CEAS
- Week of Oct. 23.....CBPS

**SO SESSION STATS:**

Total Students	1230
Percentage Undergraduate	68.4
Percentage Graduate	22.8
Percentage Minority	24.6

NO HOLIDAY...Monday, October 9 may be a holiday for some but GSUers will honor Columbus Day with another day of joyous work at the Mini-campus.

With fall colors bursting forth,  
What a particularly beautiful time to be commuting to GSU!

DIALOGUE...Last Wednesday's dialogue with BILL ENGBRETSON, MARY ENDRES and about 50 students in the Commons produced questions about such varied subjects as accreditation, construction timetable of the permanent campus, the lack of clocks at the mini-campus, the high cost of high rise parking facilities (GSU won't have such facilities), foreign student admissions and programs, talent scholarships (the President asked Mary Endres to implement the Assembly-passed measure), the selection process for choosing Deans, the Student Services Advisory Committee, student activity fees for part-time students, student advising, and the Urban Teacher Education Program. A cassette tape of the dialogue is available for loan from the Office of Communications. Current plans are to have similar dialogues at the middle of each session.

ADDITIONAL AIRPORT TRANSPORTATION...service has been added to Tri-State Coach schedules providing hourly service and additional trips by adjoining service of its Park Forest and Gary routes. More detailed information available through the Office of Communications (ext. 219).

"THE DEVIL MADE ME DO IT"...is the topic for discussion during Theology for Lunch Monday, Oct. 9, 12-1 in the mini-conference room. Leading the group as it takes a look at the current interest in Satan and the Satanic art will be Father Jerry Knies.

CHILDREN'S THEATRE...will begin on Sat., October 21. No fee is charged for this activity open to all interested children grades 1 through 9. GSU's children's theatre is designed to bring together children of various ethnic groups in an environment where they may work together, learn to understand one another, and grow, both as performers and human beings. Enrollment on a first-come, first-served basis. Call CCS (ext. 311) for more information.

REPORTED FROM BALANCE...GSU's environmental club is starting a program aimed at total recycling of all University waste paper. CEAS has donated a used paper baler to the club to help get the project started. The eventual goal is to involve all units and then turn over to B & PO a working system which can be continued as University policy. Profits generated by sale of the paper will go to the GSU Emergency Fund.

NEW STAFF ORIENTATION...it's the Administrative Wing's turn at the new staff orientation this Friday in Room 308, 3pm.

HOW ABOUT THAT?...JOHN CHAMBERS of CEAS used to live in Commerce, Texas. That's right...he was known as the Chambers of Commerce!

LARGER THAN LIFE...if the fine print gets you down, check up on that guarantee, warranty, insurance contract, etc. on the new magnifying reader in the LRC. It's mainly for the visually handicapped, but available to all. The Center is acquiring a few "large-print" books for its special materials collection, but the new reader can turn any book into a large-print version.

COFFEE, ANYONE?...Students and others are invited to sign up on the Communications Hotline Bulletin Board for an informal coffee with the President and/or other administrators. The hour-long sessions will be held monthly or more frequently if there is sufficient demand.

THORN CREEK PRESERVATION SOCIETY...will meet on Sunday, October 22, 7:30 p.m. at the Hickory School. Dr. George Ware of the Morton Arboretum will give an illustrated lecture on Thorn Creek Woods. The association will consider its future role in woods acquisition and management activities. Open to interested parties.

SUGGESTION OF THE WEEK...noting that the Learning Resources Center is headed by the "Director of Libraries", why not change the LRC to "the library" and title DICK VORWERK the "Director of the Learning Resources Center." That should keep us going for a while.

AUDUBON SOCIETY MEETING...will view a film entitled "Water Birds" at 7 pm Oct. 11 in the Ringing Room of the Park Forest Library. More info? KIT STRUTHERS-534-9249.

OH?...For an interdisciplinary project in sociology, consider the following:

Estimate the sociological problems which might accompany the end of the world.

Construct an experiment to test your theory.

Watch this corner for additional interesting projects.
