Governors State University releases Winter 2004 Dean's List

University Park, June 10, 2004 – Governors State University released its Dean's List for the winter 2004 trimester today. A total of 583 GSU students earned Dean's List distinction. Undergraduate students who demonstrate superior academic performance and earn a grade point average (GPA) of 3.695 or higher are eligible for the list. They must also be enrolled for six or more semester hours.

While GSU has no typical student profile, the university tends to serve working adults and part-time students.

"Our students bring a great deal of real-life experience with them into the classroom," said Paul Keys, the university's provost. Keys added that the average age of a GSU student is 35. Seventy percent of Governors State's students are women, and many are first generation college students.
