“Our faculty, students, staff, and alumni have achieved great success and the College continues to make positive impact on its various stakeholders. While we continue to

Some highlights of the year include the beginning of a new [Master of Science in Human Resource Management](#) program, to meet the growing demand for human resources professionals in the region. As well as the creation of a [Master of Science in Business Analytics](#) program which will launch in Fall 2020.

Zhao notes the events and strategic efforts of the college to improve the economic development of GSU’s service region.
