NOVEMBER 13, 1972

Vol. 2, No. 11

THE ELECTION...officials elected in the GSU campus area include:

- 17th Congressional District
 - George O'Brien (Rep.)
 - 57 West Jefferson, Joliet
- 42nd State Legislative District
 - Senate--James F. Bell (Rep.)
 - House--House Speaker Robert Blair (Rep.)
 - Harry D. Leinenwebber (Rep.)
 - George Sangmeister (Dem.)

- In the 9th District governing Pk. Forest
 - Senate--Don Moore (Rep.)
 - House--Leland Rayson (Dem.)
 - William Mahar (Rep.)

Recount in progress for third seat between Brenne (Rep.) and Kelley (Dem.).

THE ILLINOIS CENTRAL CRASH...one consequence of the tragedy is the delay of an \$11.2 million improvement program that included extension of the line to the GSU permanent campus. The proposed money would have included 15 additional highliner cars whose design is now under intensive investigation. It is anticipated that the extension of the IC to GSU and Park Forest South will move ahead shortly after conclusion of the investigation.

AIRPORT TRANSPORTATION...service was suddenly suspended by Tri State from Park Forest, Chicago Heights, and Homewood to O'Hare. A number of GSUers returning to Chicago last week found themselves taking buses downtown to the Pick Congress Hotel, walking a block to the IC station and taking the IC South. Service is expected to be resumed within a couple of weeks when the company takes care of its internal difficulties.

TUITION...An ad hoc committee of the Fiscal Resources Committee has been holding hearing to gain views on possible tuition increases. Nothing formally has been proposed by either the BHE or the BOG though there seems to be some rumblings in this direction. GSU Pres. ENGBRETSON has invited comments particularly from student reps for inclusion in a GSU position paper against such increases. According to a survey by the American Assoc. of State Colleges and Universities, college costs for the current year are up 3% over last for resident (in-state) students with 29% of the colleges attributing this to inflation.

THEOLOGICAL NUTRITION...BOBBY MILLS (CCS) will speak to the topic "Urbanization and Religion" at noon Monday in the Mini-conference room in the administrative area. The "Theology for Lunch" bunch (also known as the Campus Ministries Council) invite students, faculty, and staff.

CAMPUS VISITORS LAST WEEK

Dept. of Education faculty, Principia College, Elsah, Illinois (near St. Louis) Raymond Hall of Dartmouth College giving the CCS Lectures on Black Separatist Movements

QUESTION OF THE WEEK...Who have you talked to this week? Take the time to meet someone new and exchange what's on your minds.

FOCUS: BOB KREBS... Formerly Director of Research and Development for Central Washington College, BOB KREBS also has been with the U.S. Office of Education, NASA, Pace College, Westchester State College and the University of Florida. He earned his doctorate from the University of Florida where he specialized in curriculum and research. Bob is the "grantsman" of the University and can assist in finding funding sources and in proposal organization and budget. He and his wife Carolyn and their three children live in Park Forest.

STUDENT ORIGINATED... the National Science Foundation has issued Guidelines for its 1973 Student-Originated Studies Program. If you are interested, please contact OTIS LAWRENCE, CEAS or BOB KREBS, R & I, for more information. The deadline is November 30, 1972.

NEW INNOVATION?... Rumor has it that at least one college requires that you type a request for typing services!

DEFINITION OF THE WEEK... from the Glossary of Geology:

CACTOLITH--"A quasi-horizontal chonolith composed of anastomosing ductoliths, whose distal ends curl like a harpolith, thin like a spenolith, or bulge discordantly like an akmolith or ethmolith."

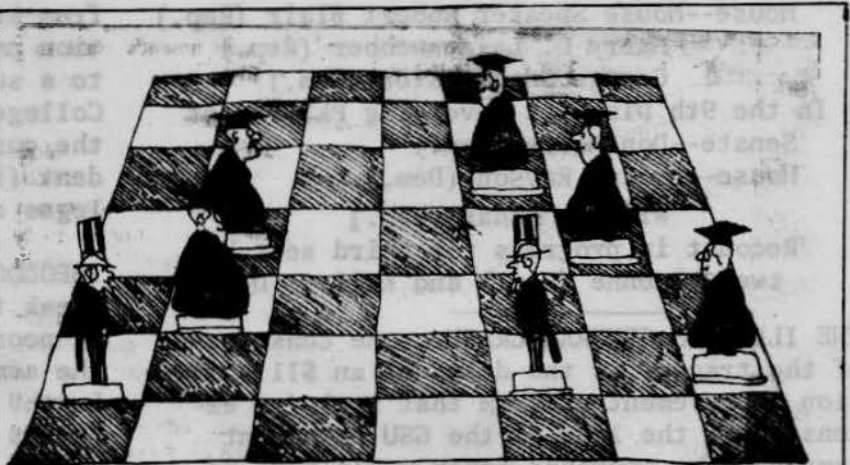

If you see one under your desk, call PETE FENNER (CEAS).

GSUings... The December issue of The Negro Heritage devoted to an article by PRINCE MC LEMORE (CHLD) titled "Black People in the West,"...PETE GUNTHER, JON MENDELSON, JOHN CHAMBERS and BOB JENSEN (all of CEAS) leading a field trip of 90 fifth grade students from the Longwood School in Glenwood to parts of the Thorn Creek Woods...PETE GUNTHER, JON MENDELSON, DAN CASAGRANDE and TED ANDREWS (all of CEAS) attending a NIPC (Northeastern Illinois Planning Commission) ad hoc committee meeting on the Thorn Creek Woods (Andrews, Gunther, and Mendelsohn are preparing a paper on the use and management of the woods)...BURT COLLINS (Coop Ed/Placement) selected as WBEE's Citizen of the Week (Oct. 20 - Nov. 3)...AL SHERMAN (CCS) selected as a member of the Advisory Committee to the Mid-American Ballet Company (the midwest's answer to the New York City Ballet)...JIM GALLAGHER (CEAS) participating in U.S.O.E. Workshop on Environmental Education... also addressing the Northern Illinois Regional Conference on Campus Ministries at Triton College on "Community Service as a Part of Campus Ministries"...ROSCOE PERRITT (CBPS) writing on "Innovations in an Elementary Accounting Program" for the Fall, 1972 issue of College News and Views...BILL KATZ (CHLD) co-author with Bill McGee, Assistant Principal of Rich Central High School in an article in the September-October issue of the Illinois School Board Journal on school discipline...

WATER, WATER, EVERYWHERE... The person in charge of watering the GSU plants is SHIRLEY MULLINEX. There are several problems connected with these plants and there seem to be several reasons why they could be dying. One problem is the butting out of cigarettes in these plantings. Second is not a lack of water, but over watering of several of them. Plus, the possibility of strangling of the root systems. Not using these plant receptacles as ashtrays will help. Also, allow Shirley to take charge and do all of the watering of these plants.

ON THE STREET WHERE YOU LIVE... For an eye opening display of the GSU area, check the maps in the CEAS area near the mailroom. The scale of 1:24,000 allows you to let your fingers do the walking.

GSU WOMEN... ACLU Attorney Ms. LINDA HIRSHMAN of Chicago will address the Tuesday (November 14) general meeting of GSU Women on "Women and the Law--Past, Present, and Future Perspectives." The meeting begins at 8 p.m. in Room 308... RUBYANNA POLLACK of GSU Women is trying to form mixed bowling and mixed bridge groups as well as daytime bowling for women. If interested, call her as soon as possible at 748-9449.

ON THOSE LEARNING MODULES...A few more learning modules from Fantasyland contributed by Cliff Helling of the Robbinsdale, Minnesota area schools: Note their performance based virtues.

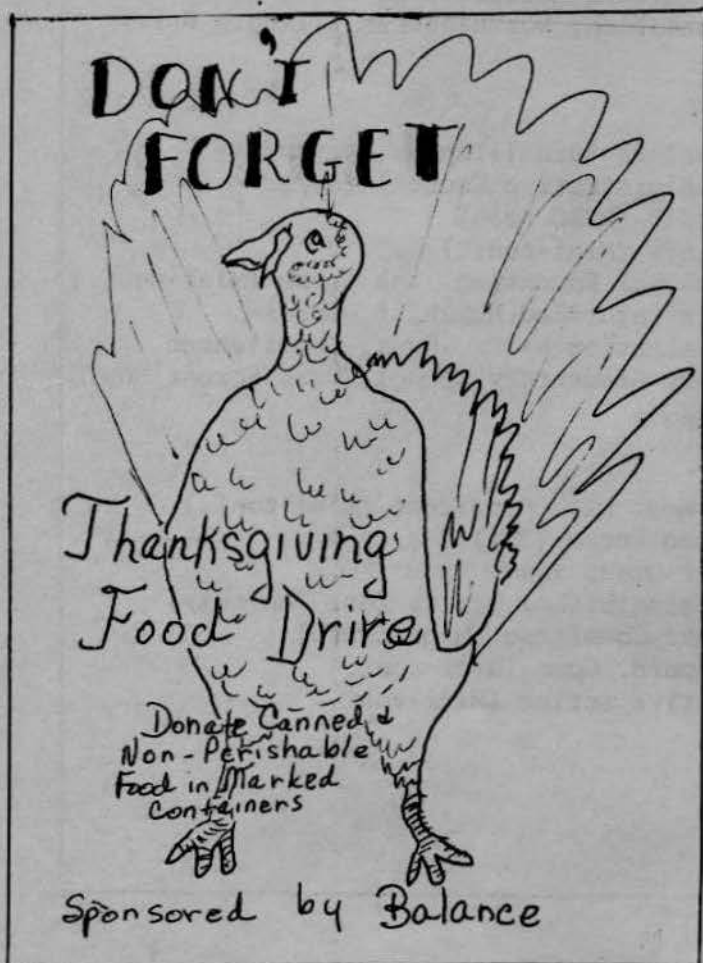

MUSIC: Write a piano concerto. Orchestrate and perform it with flute and drum. You will find a piano under your seat.

PHILOSOPHY: Sketch the development of human thought; estimate its significance. Compare with the development of any other kind of thought.

QUOTE OF THE WEEK: "The only difference between intelligence and stupidity is that intelligence has its limits."

--The Chicago Daily News
