EDITORIAL

"Land of the free, home of the brave."
America has been blessed with an abundance of great patriots and patriotic literature, not the least of which is the above excerpt from our National Anthem.

"Twix the 18th of April in '75 ...." or
"Give me liberty, or give me death!" or
"When in the course of human events...." or
"Fourscore and seven years ago, ...." or
"Ask not what your country can do for you"

Our liberty was budded out of necessity, nurtured by perversity, flowered through tergacy, and is forever ripened by our collective individualism. A basic right of the individual in our society is the freedom of choice; therefore, we are leaving the above space blank, for each of you to fill with your own favorite quotation. May your choices be as numerous as our good wishes to all of you for a Happy July 4th.

LIONS IN WOOD HILL

The Monee Lions Club will aid in a preschoolers vision test July 1st and 2nd at the Wood Hill Firebarn. This is a visual test for 3 1/2 to 5 year olds.

Participation in the program requires that the child be able to identify symbols used in special vision tests for preschoolers. For this reason only kids registered for the program who have received special instruction will be eligible to participate.

The visual program is sponsored by the Will County Health Department and aided by volunteers from the Monee Lions Club.

The purpose of the program is to discover visual problems at an early age, when correction can be made more easily.

The screening program is geared to detect nearsightedness, anlyopia, and crossed eyes. Anlyopia is a condition in which the child does not see equally in both eyes; a condition which may result in the weaker eye ceasing to develop because the brain does not want to accept a double image. The strong eye takes over & the child can get blind in the weaker eye. If this condition is not discovered and treated before the age of 6, chances for recovery in the weaker eye are poor.

Crossed eye is a condition in which the eye can't focus on the object an individual is looking at. Sometimes eye crossing is so slight, it can only be determined through a screening test or an eye examination. This defect usually is correctable through early detection and treatment.

Registration will be held on Monday, June 28 from 9 a.m. to 11:30 a.m. and 1:00 to 3 p.m. Tests will be given on July 1st and 2nd from 9:00 to 11:30 a.m. and 1:00-3:00 p.m.

For rides, phone Mrs. Harrison or Mrs. Larsen (534-6439 or 534-6637). Registration and/or testing will only take a few minutes, so "extra" children are welcome.

All participants in this program wish to thank the Fire Department for the use of their facilities.
Discussion was held concerning the Special General Meeting held Sunday June 6. The membership rejected the Board's proposed zoning plan for the Wood Hill area. The Crete Planning Commission has refused the Kande-Lynn Corporation's requested zoning change; however, they are considering plans for a development of expensive homes around the area of the Ken's Club. If this is approved, the city limits of Crete would be brought much closer to Wood Hill. Mr. Lecay recommended that the board re-submit their zoning plan to the membership at the next general meeting, excluding the Sands property.

It is thought that the cost of Incorporation will be between $800 and $1,000. The question of private assessment or donation was discussed. The board hopes to work closer with the Park Forest and Crete Planning Commissions in order to learn their future plans and how they might affect Wood Hill.

A bill for $21.45 from Taylor's Enco Station for repairs of Deputy Wroblewski's car was presented. It was approved and payment will be made.

Chuck Larsen, Township Clerk, and guest at the meeting, reported that he had visited the Cook County Mosquito Abatement Dept. Deer Creek has been tested and found to have a very low larvae count, but if sewage tanks are open, they could be responsible for the problem. Fogging is a very temporary measure and Deer Creek cannot be treated chemically because of the cattle drinking from it. Will County has no mosquito abatement department.

Bids are out on Wood Hill roads, and paving will begin - barring unforeseen circumstances - about July first. All unpaved roads are included on the bid.

June 20th is the deadline for having noxious weeds cut. Parties can be subject to a fine after that date.

Mr. Larsen also stated that: the Township can give temporary aid to indigents until the state takes the case; Loniee is still trying to get a dogcatcher (who is paid $10.00 a call up to and including 3 calls a month); there are no Township restrictions on trailers; and in 2 months we will have a separate precinct in Wood Hill.

Three families were accepted for membership:
Mr & Mrs. J. Fushi, 545 Hickok; Mr. & Mrs. J. Corbett, 532 Irving; and Mr. Carl Opperman 25640 Western Ave.

Matters under discussion: possible Civil Defense aid; emergency warning systems, (for tornadoes, etc.); membership by-laws; forming auxiliary or associate membership for the young adults of the community; & staggering terms of the elected officers of the Association.

Danny Shaul stated his parents would like to publicly thank the Fire Dept. and the Association for their help and concern during his father's recent illness.

The Board approved the re-assigning of committees as follows: Hernandez, membership and temporary roads; Van Lue, incorporation; Taylor, water and sanitation weed abatement, and home beautification; Shaul, by-laws (after the July meeting).

The treasurer reported a balance of $120.82 with $26.50 sticker money.

July 21, 22, 23, 24, and 25.

Friday, May 21st: A perfect night for our hayride. 25 Fellas and Gals attended, dancing in the loft afterwards. What a happy and well-behaved group! Joan Rinehart was the chaperone.

Wednesday, June 9th: Beach party at the dunes. 43 in that crowd, so a bus, what else? Hiking, ball, chicken fights, swimming (brrr!) – you name it, we did it. A certain blonde curly-headed fellow even managed to catch 40 winks. Mr. and Mrs. Del Jennings chaperoned this trip. A grand time was had by all. Time went too fast – as it always does when we have a good time.

Saturday, June 19th: Baseball benefit dance – 30 teenagers attended. Rather a disappointment to the club. We had hoped to raise much more for the baseball teams. Total was approximately $14.00. At least we tried, fellas!

The Four Trells donated their music for the evening and the Firebarn was "a-swinging" all night. Mr. and Mrs. Price; Mr. & Mrs. Reeves, Mr. Taylor, and Mrs. Rinehart chaperoned.

Friday, June 25th: 7:30 to 11:00 p.m. the club will hold a "record hop" at the Firebarn. Admission - $35.

Saturday, July 10th: The Teen Club's first anniversary. We will celebrate with a party and dance. We need the continued cooperation of the teenagers especially and the parents to keep the club active. So don't forget the meetings each first and third Thursday of the month, 7:30 p.m. at the Firebarn.

"CHICKEN" Dinner at the firebarn, July 25th. Give Mom a break from hot weather cooking and treat the whole family by buying a bucket of chicken at the Fire Department's Chicken Dinner.

CHICAGO HEIGHTS, ILL.
Police Report

In an effort to encourage dog owners to continue their responsibilities toward their dogs and the community, Deputy Ray Wroblewski arranged for Dr. Galvin to administer rabies shots at the Firebarn. Thirty three dogs were inoculated at a cost to the owner of $4.00 per shot. Will County dog tags were available for an additional dollar.

No personal injuries were incurred in the two car accident which occurred on Western Ave. adjacent to the Medical Center last week. Both parties suffered property damage, and both were issued tickets.

Brownie News

Last Wednesday, June 16, the Brownies took an end-of-the-year outing to Sand Ridge Nature Center at 159th and Torrence. The girls thoroughly enjoyed visiting this readily accessible preserve which features many types of nature studies. The Center has a visible beehive, a geology display, bird silhouettes, live foxes, a "de-skunked" skunk, an owl, a raccoon, and several trails and a fish and duck pond. The girls particularly enjoyed the talking crow and feeding bread to the fish. Many of the trees have placards stating names and giving brief descriptions of their characteristics.

Will babysit or do ironing in my home. Mrs. Peterson, 716 Blackhawk, 534-6348

Office of the Town Clerk
Monee Township News Release to Wood Hill HERALD:

On June 8, 1965 the Monee Township Board of Auditors met and discussed the need for a Township library, and the need for a Poundmaster. The feasibility of a township library is being investigated, and the search for a Poundmaster is continuing. Anyone interested can contact Chuck Larsen at 534-6637. Of particular importance to Wood Hill was a statement by Supervisor Allan Delinath that precinct #5 will be formed in the next couple of months. The boundary for the precinct will be an extension of Stunkel Road East to Western Ave. The next meeting of the Board of Auditors will be on July 13, 1965 at 8:00 p.m. at the Monee Township maintenance building in Monee.
