ACCREDITATION VISIT...A verbal report of the North Central Association team visit was given to the President, Vice Presidents and University Assembly Chairman Wednesday afternoon. The NCA team's report summarized a lengthy series of GSU's strengths and areas of concern. A written summary of the verbal report is now being prepared for distribution to the GSU community. Elaboration and additional comments will come in the form of a written report expected sometime in January or February. The team endorsed the concept of GSU as an innovative institution and commented that the University was indeed an open institution, noting that students, faculty, and staff were willing to talk with them at any time, any place, for any length. "It's a nice characteristic of the institution," said team Chairman Richard Davis of the University of Wisconsin at Milwaukee, "and one we hope you will retain."
