Re: Governors State University - Positioning of Plaques
Hall of Governors

Dear Bill:

Enclosed are two copies of our sketch showing location and positioning of the bronze relief plaques on East and West Walls of the Hall of Governors.

We shall appreciate your review of this sketch, and return of one copy with any comments you may have as to positioning, sequence, etc. From memory, this is the organization of governors that we discussed some time ago and allows, as you can see, for eleven more plaques before a second row would need to be started on one side or the other.

Sincerely yours,

Joseph Orme Evans
