Folks from Joliet and other towns in the county are caught up in plans for a big festival in 1976 to celebrate the Bicentennial of America. The Steering Committee is asking for ideas or proposals on how the community-wide event can be a modern day memorial with lasting significance for the future. AT DAY'S END

Is anybody happier because you passed his way?
Does anyone remember that you spoke to him today?
The day is almost over, and its toiling time is through.
Is there anyone to utter now a kindly word of you?

Can you say tonight, in parting with the day that's slipping fast,
That you helped a single brother of the many that you passed?
Is a single heart rejoicing over what you did or said;
Does the man whose hopes were fading, now with courage look ahead?

Did you waste the day, or lose it? Was it well or sorely spent?
Did you leave a trail of kindness, or a scar of discontent?
As you close your eyes in slumber, do you think that God will say,
"You have earned one more tomorrow by the work you did today"?

-- John Hall

COMMUNICATIONS profusely thanx the JOE GABRISKO (B & PO) family for a good clip job... since they moved and are now reading the Kankakee Daily Journal, they've been keeping the files up-to-date with University clippings from that paper. Communications depends on its friends for clips!

EVEN IF IT BOTHERS ME, I CAN COPE...A recent issue of ACPR's Education Abstracts reported on an article in Center Magazine by Peter Loewenberg. Quoting from the publication:

Writing of the necessity to integrate subjective experience with graduate experience, Loewenberg notes that "academic rivalry, professional envy, and defamation represent attempts to gain a sense of personal security and safety by making the outer world safe against fantasied internal dangers. In this sense a great deal of professional behavior is irrational." Dr. Loewenberg suggests that disruptive feelings must be matched against the realities of relationships as actually experienced. "Once a group has developed insight and skill in recognizing forces of envy, status, security, authority, suspicion, 'territory,' hostility, and the memories of past events, these forces can no longer be as powerful in distorting discussions and impeding decisions."
