THE ENERGY CRISIS...comes to GSU in a lecture by a famed Wisconsin name. SEN. DOUGLAS LAFOLLETTE of the Wisc. State Senate will lecture Tues. (Nov. 13) on the long and short term energy crisis at 7 p.m. followed by another lecture at 8:30 p.m. "The Consumption Explosion and Consumers' Rights." There will be a reception between lectures (if the lights are on in the 65 degree indoor weather).

THE FUTURE...is the topic of Theology for Lunch Monday, at Noon, in the Mini-conference room. Fresh from the national meetings of the American Academy of Religion, DR. DAVID SCHMIDT of Thornton United Methodist Church will lead discussion. Everyone welcome. No membership required. Bring your bag lunch.

STUDENT BOG MEMBER REJECTED...by the Illinois Senate Exec. Committee 12-9 was FELICITAS BERLANGA, a 21-yr. old student at Ill. State. She would have been the first student appointed to a higher education board in Ill. The Governor's office sent out a news release exploring the action and asking the Ill. Senate to overrule the committee. Besides studentism Gov. Walker also charged the Senate Exec. Comm. with sexism in rejecting a string of his women appointees.

SPECIAL SPONTANEOUS EVENT OF THE WEEK:

FIESTA FOLKLORICO (Nat. Dance Company of Mexico)
The Commons, Monday, Nov. 12, 2:30 p.m.
presented by Student Services

Vol. 3, No. 12

ELIMINATE TUITION?...Amid a number of reports calling for drastic increases in tuition, the Illinois Board of Higher Education received a recommendation from the Southern Ill. Board of Trustees calling for no tuition at all. Said WILLIAM ALLEN, Chairman of the committee which drafted the report, "It is time that the State of Illinois quit double talking about higher education being a right and put its money where its mouth is and to provide higher education opportunity for all its citizens."

NEW NEWMAN REPORT...is controversial and reviewed in the Oct. 29 issue of The Chronicle of Higher Education. Among other things, it suggests that colleges should compete for students as a measure of public accountability. The report's recommendations are similar to an earlier 1971 report with more detail on methods for achievement. Newman chaired the task force on higher education established to advise HEW on federal support for post-secondary education.

DUE TO CIRCUMSTANCES BEYOND CONTROL...the GSU Stage Band Concert originally scheduled for Nov. 19 has been cancelled. But the GSU Jazz Ensemble is still on for December 12.

A CHEAPER BOOB TUBE...is the word from U.S. News and World Report which noted that the only thing cheaper today than it was in Jan., 1969 is a television set. On the other hand, if you were earning \$10,000 in 1968, you'd better be earning at least \$12,689 today or you've lost some ground.

AND YOU THINK YOU'VE HAD MOVING BILLS...How much does it cost to move an entire University just a few miles down the road and over the railroad tracks? The winning bid by Rock Moving and Storage Company was a cool \$29,465.

NIGHTS AND SATURDAYS...are the study projects for two committees created by the Academic Wing. The ramifications of half of the GSU students attending after 4 p.m. and on Saturdays will be studied by one committee representing the Colleges (comprised of AL SHERMAN, BILL KATZ, PAT CEBRZYNSKI, CHRIS LIEBSCHER & BARBARA PURCELL) and another from the support units (RUTH MCNICHOLS, FRANKIE BARNES, BERNARD BUSH, CHUCK RANGLE & GWEN SIEBERT.

An audio cassette tape of the Nov. 1 Dialogue is on file in the LRC.

ALL IN THE FAMILY...Hall of Fame relatives are becoming the tradition in 1973 for HARVEY GRIMSLEY (A & R) himself a football star back at Rutgers. In August his uncle MONTE IRVIN, former national league star with the N.Y. Giants was inducted into the Baseball Hall of Fame in Cooperstown. Last month, Harvey's brother, PRESTON GRIMSLEY, a three time CIAA All-American guard and linebacker was inducted into the Football Hall of Fame at Morgan State College in Baltimore.

AM CREATION or RE-CREATION...A meeting of the Re-Creative Studies Planning Committee is set for Friday, Nov. 16 in the CHLD conf. area. The committee is anxious to have input and additional members from all GSU constituencies.

PHASE I...building is still off-limits on weekends, but the first moves to the new campus are little more than a month away. Among other facilities, the campus includes a pool. Unfortunately, at the moment, it won't be used because the funding for people to operate it is submerged.

DEFINITION OF THE WEEK...An editor is a person who knows exactly what he wants---except that's he's not quite sure.

SURE NOTE FROM AN EDITOR...FAZE I will be on vacation next week for Thanksgiving, returning for distribution on Monday, November 26. Deadline for submission of items to the Office of Communications for the next FAZE I is the previous Wednesday morning (Nov. 21).

\$23,000 TRICYCLE ACCIDENT STUDY...funded by HEW to find out why kids fall off tricycles is titled, "The Evaluation and Parameterization of Stability and Safety Performance Characteristics of Two- and Three-Wheeled Vehicular Toy for Riding." (The could have called it "Trike Flight" or "Why Kids Fall off Bikes & Trikes."

A WARTGOW IS A WARTGOW IS A WARTGOW...A parting gift for JERRY WARTGOW who left Colorful Illinois last week for the Rocky Mountains and the Colorado Commission of Higher Education included this zinger from his former R & I compatriots:

OFFICIAL APPLICATION FOR NAME CHANGE

1. PRESENT NAME: WARTGOW Jerome F.
(Last) (First) (Initial)
2. ADDRESS: COLORADO COMMISSION ON HIGHER EDUCATION (I am a Wheel There)
3. PROPOSED NAME: ABBERSNATCH Aaron A.
(Last) (First) (Initial)
4. REASON FOR REQUEST:

I am a fecund scholar of small renown due almost exclusively to the fact that the first letter of my surname falls after "C" in the alphabet. In fact W (Wartgow begins with "W") comes before only X, Y, and Z. There are no people with scholarly writing skills I know whose last names begin with X, Y, and Z (except for Clarence Yolanski who also is trying to change his name) for whose ideas I could get credit by co-authoring articles.

Since I am short on ability and originality, but long on ambition; and since publications are important in "making it" in academia; and since he whose name appears first on co-authored articles gets the widest recognition, then it is essential for my career development that I change my name.
