Vol. 3, No. 29

JAZZ IN THE SPRING...Eleven junior/community colleges, three more than previously, will compete in the third annual jazz festival at GSU May 3-4. Categories are Big Band and Small Group with participants from: College of Lake County; Henry Ford Junior College; Joliet Junior College; Kennedy-King College; Malcolm X College; Moraine Valley Community College; Parkland Community College; Springfield College; Thornton Community College; Triton Community College; and Waubonsee Community College. Semi-finals will be May 3 at 6 p.m. and May 4 at 1 p.m. Finals will be May 4 at 8 p.m. Student admission for each will be \$1.50 and general admission for each will be \$2. Included will be a special performance by the GSU jazz ensembles.

FIRST GSU STREAKER...sighted last Monday around 6 p.m. Suggestions following the big event included renaming the academic street "streaker's alley," holding a streakers rally or an invitational streak-in. Rumor had it that KEN SILBER (CHLD) was seen writing the competencies for a barely planned module. Also in the GSU vein were wistful suggestions of a contest for innovative forms of streaking i.e. barrel streak, cartwheels, roller skating...all set to multi-ethnic music (whatever that is) within the University's parameters. Commented one GSUer, "It is transitory and predictable."

GSU APPOINTMENTS...an R & I reorganization approved by the President and the BOG results in appointment of DICK VORWERK to the new position of Dean of Instructional Services. ALLENE SCHNAITTEK will succeed to Director of LRC. Dr. SCHNAITTEK and Dr. WIGHT (ICC) will report to the new Dean. DAVE WIGHT is scheduled to join the faculty as full-time professor of Cinematography at the end of the fiscal year with a search in progress for a replacement.

THE FARTHEST OUTPOST?...GSU journeys to New Orleans on April 8 where a Workshop on Adlerian Counseling Methods will be held. One or two GSU units may be earned by participants in Adlerian Psychology or Behavior Problems. The workshop and a program on Adlerian family counseling will form the basis of a GSU SIM. Students complete the required module study materials at their own pace after they leave the Convention of the American Personnel and Guidance Association where all of this takes place. ED STORMER (CHLD) is the guiding force along with MANFORD SONSTEGARD and OSCAR CHRISTENSEN (Univ. of Arizona).

SIGN OF SPRING?...If I had my life to live over, I'd try to make more mistakes next time. I would relax. I would limber up. I would be sillier than I have been this trip. I know of very few things I would take seriously. I would be crazier. I would be less hygienic. I would take more chances. I would take more trips. I would climb more mountains, swim more rivers and watch more sunsets. I would burn more gasoline. I would eat more ice cream and fewer beans. I would have more actual problems and fewer imaginary ones. You see, I am one of those people who live prophylactically and sensibly and sanely, hour after hour, day after day. Oh, I have had my moments, and if I had it to do over again, I'd have more of them. In fact, I'd have nothing else. Just moments, one after another, instead of living so many years ahead of each day. I have been one of those people who never go anywhere without a thermometer, a hot water bottle, a gargle, a raincoat, and a parachute. If I had it to do over again, I would go places and do things and travel lighter than I have. If I had my life to live over, I would start barefoot earlier in the spring and stay that way later in the fall. I would play hooky more. I wouldn't make such good grades except by accident. I would ride on more merry-go-rounds. I'd pick more daisies.

The April 27-28 conference at the Harvey Holiday Inn will have BARRY COMMONER as a feature speaker with an undisclosed U.S. Senator (not from Ill.) making another major speech. Panels include "Petropolitics and the Global Energy Crisis" and "Dealing with the Energy Crisis." GSU conference coordinator is ANTHONY WEI (LRC/CCS) representing the Academic Affairs office. More info on this in next FAZE 1.

BERKELEY BAILEY...BOB BAILEY (A & R ALUM) is "cranking it out" at the Univ. of Calif. in Berkeley with no less a staff than 167 just inside the building that gave rise to the 1964 I Ching Speech Movement, Sproul Hall. Jumpin' Bob is the University's new Registrar, a title that may be changed to (hold your breath), Director of Admissions and Records. Surprise! Just wait until GSU's influence changes the titles at Harvard and Yale.

DID YOU KNOW?...GSU's students during the J/F Session came from 43 Illinois counties and Indiana plus a number of foreign countries. Cook County has by far the most representatives, 1,601, with 313 from Will County, 220 from Kanakee and 30 from DuPage.

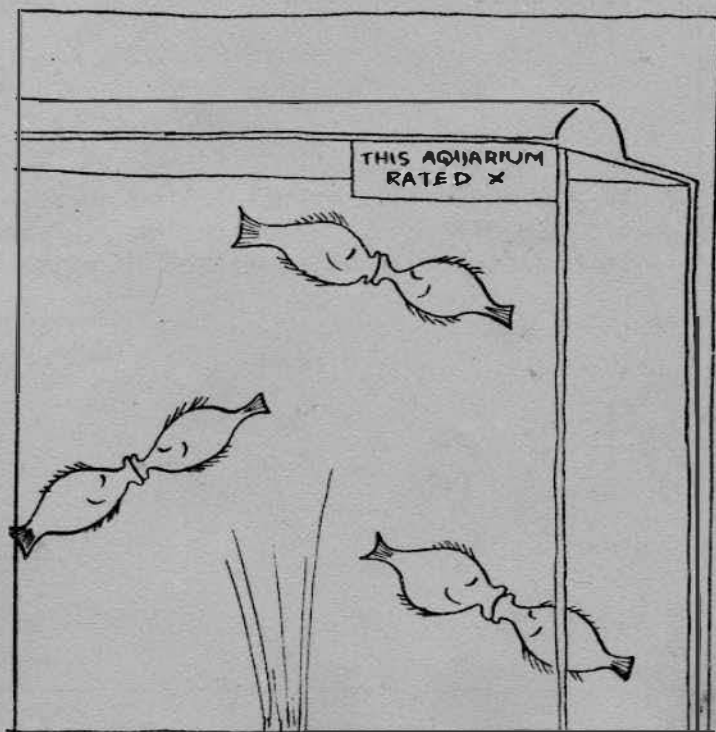

SPRING BREAK FOR BHE...The April meeting of the BHE scheduled for Kennedy King College has been cancelled. The next BHE meeting is set for May 7.

GSU IN THE MEDIA...The March 17 Chicago Sun-Times included a feature on GSU. Sun-Times reporter Jerry DeMuth spent 7 hours in interviews with faculty, students, and administrators. More material and more photographs than was included in the article was collected, prompting hopes for a sequel. Saturday Review World, March 19, included a feature on the Public Double-speak Committee of the National Council of Teachers of English with GSU's HUGH RANK getting a mention for his forthcoming book on Liars in Public Places.

PRAISE FOR GSU...by visiting Iranian Deputy Chancellor Dr. Farhad Riahi. Dr. Riahi visited GSU along with University of Wisconsin at Green Bay, and the Univ. of California campuses at Davis and Santa Cruz. In a letter from Tehran, Dr. Riahi writes, "Summing up, I have to reckon that among all the institutions of higher learning I visited, your University and Evergreen State College impressed me the most. I wish you much success for your future developments and I am sure you will do very nicely."

BICENTENNIAL BLUFF STREET MIRACLE...is the description by fund raising chairman Louis Fish of the efforts to raise \$800,000. The money is part of the plan by the Will-Joliet Bicentennial Committee for a memorial park and civic-cultural complex in Joliet on Bluff Street in Joliet.

NEW ILLINOIS UNIVERSITY...gets a \$250,000 grant from the Lilly Endowment. Lincoln State University, recommended by a Common Market Task Force of the Board of Higher Education which included TED ANDREWS (CEAS), in a new non-campus University which the grant will help implement. Public funds were not made available so the University will get started relying primarily on private monies.
