PAYROLL SHIFT APPROACHING...The last check this month is the last check the University will be handling directly. After July 1, the State Comptroller's Office will begin handling the entire state payroll from Springfield. First check from Springfield for GSUers is the one issued July 16 Also ended after July 1 is the automatic deposit of checks into the Matteson-Richton Bank for about 150 GSUers with checking accounts there. The GSU payroll department is attempting to coordinate the shift with other Chicago area state Universities with someone actually making the journey to Springfield to try to ensure we all get paid on time. Some confusion is expected. Some complaints are anticipated. They should be directed to the State Comptrollers Office not GSU or the Board of Governors.

NON-EXEMPT CIVIL SERVICE EMPLOYEES...Concerned about union negotiations? An urgent meeting has been scheduled for Friday, June 14, 12 noon to 1:00 p. m. in the Community Conf. Center, to discuss status of negotiations and other matters. The organizers ask for your support. Please be there!

TOURING DRAMA COMPANY...The World Action Drama Repertory Company, composed of seven students from Oral Roberts University in Tulsa, Okla., will perform at 8:00 p.m., June 13 at Tolentine Center. Their repertoire includes P.W. Turner's "Christ in the Concrete City," a play that has become a classic in Christian drama. It portrays the passion of Christ from a contemporary perspective. A \$1 donation is requested of attendees.

PHASE I FESTIVITIES...Spring is in the air and so are suggestions about the new campus. Among those received by FAZE I are a series of water sports for the lakes on view from the great Hall.

- a log rolling contest with RAY BENN and BILL ENGBRETSON as first contestants.
- a Flotilla of Rental Boats.
- rename the buildings overlooking the lake to cabanas (eg. Cabana A, Cabana B, instead of the dull sounding "Building A," etc.)
- amphibious races on University Drive ending in the mud on the parking lots.
- racing sculls beginning at the lakes and following a route of irrigation ditches through the GSU corn fields.

Several other suggestions have been received about naming the lakes, including Lake Humane and Lake Responsive. Then there was the innovative suggestion to name them Lake A and Lake B.

SOME NOTES FROM CHANGING TIMES MAGAZINE...

"The biggest problem with earning a living these days is that nobody any longer knows just how much that is."

and

GSU FLAG...The GSU pennant flying from the flagpole in front of the main entrance is temporary. A design for a more permanent flag is being developed.
