Vol. 3, No. 48

JULY UNIVERSITY ASSEMBLY MEETING...was a non-controversial summer breeze...passed as presented by SCEPP were policies on University requirements for the B.A. and M.A. degrees. Both establish that at least 24 units of credit must be earned at GSU with Collegial programs allowed to establish higher residency requirements if approved by the faculty, College and V.P. for Academic Affairs...an undergraduate transferring more than 60 hours to GSU will have to relate the excess to her/his academic program and area of emphasis. Community college credits in excess of 60 will have to be evaluated as upper division work according to GSU module level competencies. A total of 120 units, 24 earned at GSU, is required of the B.A. degree. For an M.A., 32 units, of which 24 are earned at GSU, is required with 8 transfer units accepted if the credits relate to the terminal competencies within the student's graduate program. The policy has to be signed by the President and an effective date set...also passed and sent on to the President was a Sabbatical Leave Policy proposed by the Human Services Committee (see story on Page 3)...in other Assembly news, the Governance Committee is reportedly one-third through a review of a proposed new Constitution...a reconsideration of the Faculty Workload Policy requested by Student Rep. PAT GALLAGHER was postponed until August...because of centralized registration, the next Assembly meeting will be held Friday morning, August 23.

THE GOVERNOR AND GOVERNORS...GOV. WALKER finally signed GSU's fiscal 1975 budget after vetoing the additional 3% salary increase the Legislature tacked on to several University systems. The 3% was over and above the increase monies previously received and reflected in all non-union and professional staff salary letters for the coming year. Salary intent letters previously forwarded will now be acted upon.

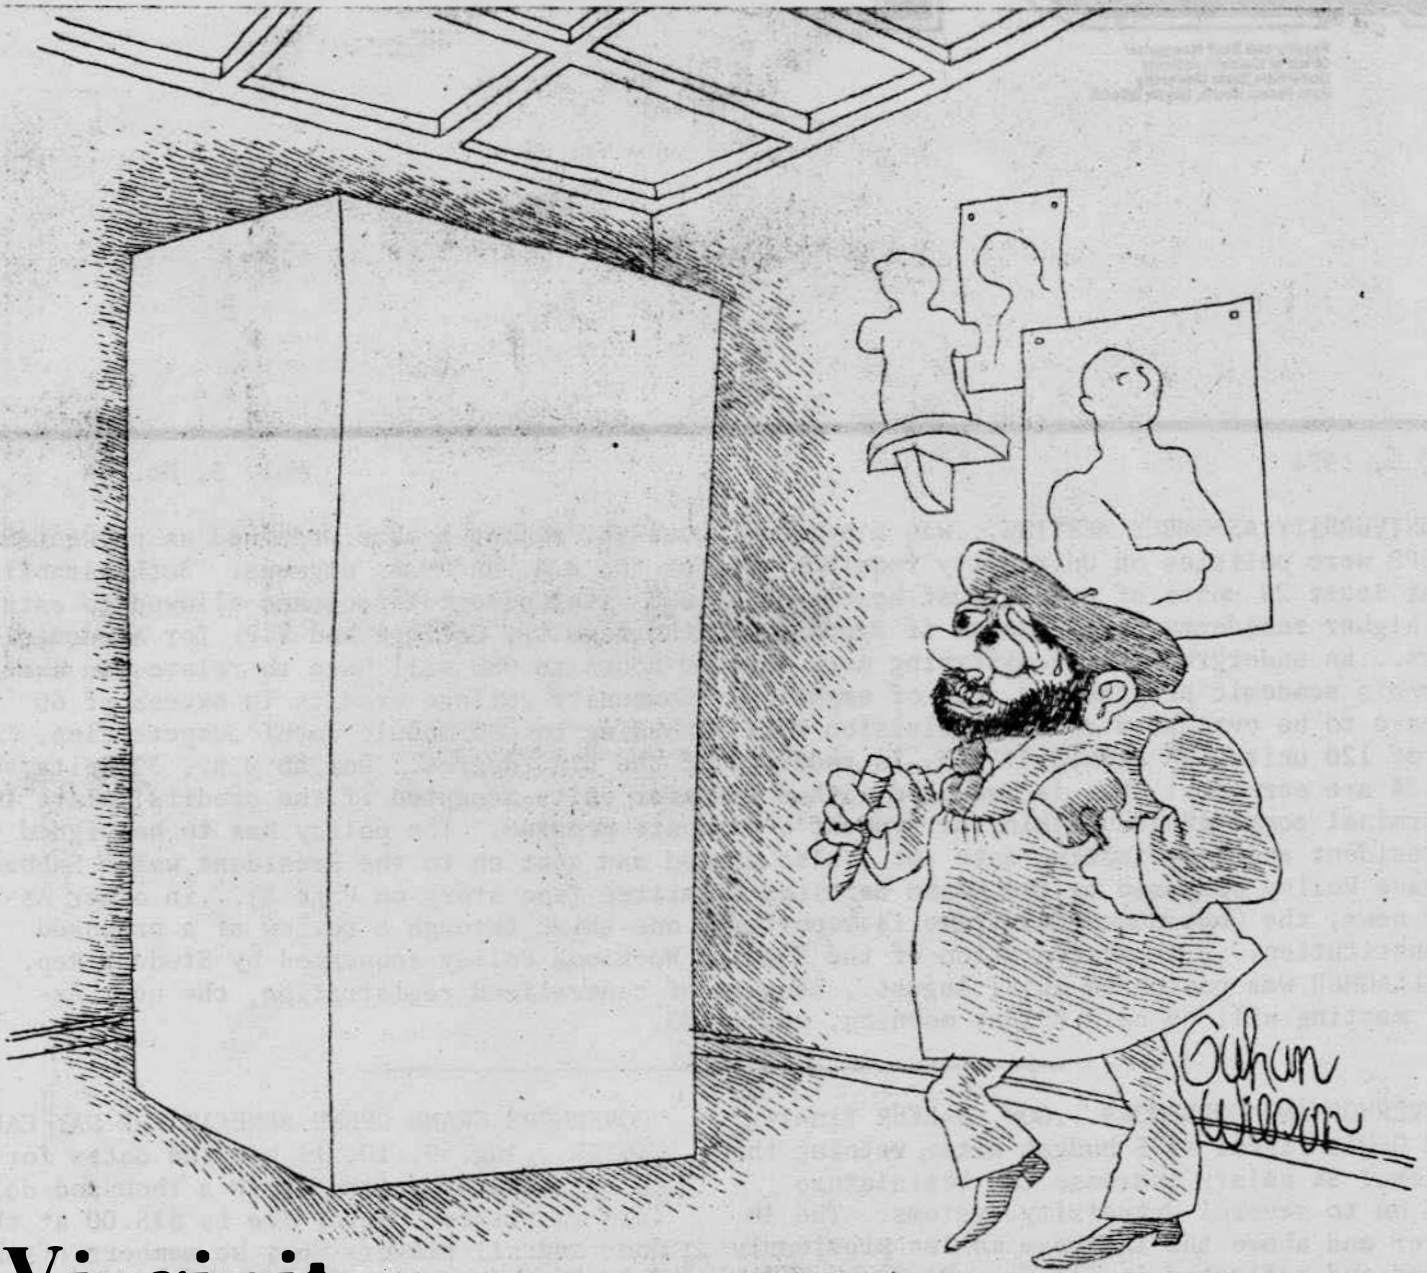

WEST HEADS EAST...The Second Executive Officer of a governing board in two months has announced his departure for the East. CAMERON WEST, Exec. Dir. of the BHE, will leave his duties in October to return to North Carolina. Previously, BEN MORTON, the Exec. Officer of GSU's immediate governing BOG, departed July 1 to head the West Virginia higher education system.

**SABBATICAL LEAVE POLICY.**...passed in the July meeting of the University Assembly and sent to the President establishes eligibility for all University Professors and those holding administrative or professional service appointments after they have served 5 years of full time, or full time equivalent service, at GSU. Applicants must be willing to serve 12 months in Illinois higher education after the sabbatical and sign a judgment note for salary earned during sabbatical which is cancelled after the service required. The sabbatical would be taken in three possible forms: (1) a full-pay leave for up to 6 months, (2) a half pay leave for up to 12 months, and (3) a "split" sabbatical consisting of half pay for not more than three months for four successive years or full pay for not more than three months for two successive years. (NB: The President noted that BOC policy allows "split" sabbaticals after three years of service, but the Assembly passed measure provides only a five year eligibility. No more than a fourth of leaves may be "split" leaves.

Quotas are established so that one leave may be granted for each 25 full-time faculty and administrators (considered in separate categories). No more than 4% of the faculty should be on leave at one time. Sabbaticals are granted to those intending to engage in writing, research, attend institutions of higher learning or otherwise add to their professional usefulness. Staff with plans to undertake such projects are not placed in competition with other projects. If the individual's proposed use of the sabbatical is as stated above, the sole criteria for awarding leaves will be (1) length of service. In case of identical appointment dates, (2) length of service since last sabbatical. In case this doesn't break a tie, (3) length of professional service in higher education. And in case of identical professional service, (4) age. No unit may establish any other criteria. The policy is still to be reviewed and acted upon by the President.

GSUings...BOB HAUWILLER (A & R) getting the "Acting" out of his sytem and out of his title to be the Director of Admissions and Records...ex-CCS student MARILYN ZWIERS being elected to serve on the Board of Directors of the Joliet College Alumni Association...RICK MORRIS (Cafe-teria) letting all the tasty goodies wind up in his sweet tooth causing a toothache...BILL ENGBRETSON (PRES) chairing a committee of educators publishing a task force report of CFK, Ltd., Associates in the area of developing humane educational climates. Six colleges will field test on the basis of the task force report...WALT OSTERMANN (CHLD) discussing the GSU competency based instructional system at the University of Goettingen (West Germany) and the University of Leipzig (East Germany) as well as traveling extensively in Communist Socialist Eastern Europe...BENJAMIN LOWE (CHLD) presenting a paper at the Third Canadian Symposium in the History of Sport at Dalhousie University in Nova Scotia. He will also be presenting a paper at the Eighth Annual Conference of the Brotish Society of Sport Psychology at the University of Salferd in England...JERRY BAYSORE (PO) crippling around after injuring his knee playing football with his son (maybe he should be reading Ben Lowe's papers)...arriving in recent weeks were two special young ladies, IVANNA WEI (Daughter of TONY WEI-LRC) and TRACEY ABBOTT (Daughter of KATHY ABBOTT-CEAS)...Completing his doctorate at Syracuse University, DAVE BURGEST, whose dissertation was "Language, Culture, and White Supremacy."

IMPEACHMENT REPLAY...Now you can watch a slo-mo replay of the House Judiciary Committee's Impeachment hearings. The LRC has videotape copies of most of the hearings.

GOOD MILEAGE...was the headline in the Terre Haute Star on July 11. The story was about KENNETH V. RUST who gained his M.A. in CBPS. Rust estimates that he drove 16,200 miles to his degree. That's his estimate for all the round trips he drove from his home in Carpenterville, 40 miles Northwest of the Loop to GSU. The mileage was even better since the news release was mailed in January, picked up by UPI for its wire service, and printed in papers across the country, 7 months later.

BHE AND THEE...The scheduled meeting of the Board of Higher Education on October 1, 1974 at Governors State University, has been shifted to June 3, 1975. (Just in case you haven't received your ticket yet.)

DID YOU KNOW?...the new accounting system centralizing State spending in the Comptroller's Office in Springfield (including GSU paychecks) will save Illinois taxpayers \$760,000. That's according to the Comptroller himself, GEORGE LINDBERG. But don't look for the bonus in your check this week...or next...or...
