GSU ENROLLMENT INCREASE PERCENTAGE LEADS ILLINOIS...GSU's fall enrollment increase up 32.6% led all Illinois public colleges and universities. Overall, public and private universities are up 9.4% over a year ago to 593,631 or an addition of 50,897 students the largest gain in Illinois history. Public universities are reported up 18.8% to a total of 267,156 students. Several universities lost enrollment including SIU Carbondale, which lost more than 800 students and is down 4.2%. In the BOG, Chicago State had a slight drop (140 students), down 2.1% while Eastern Illinois remained almost exactly even at 8,683 students. Northeastern was up 12.3%, more than 1,000 students to 9,945, while Western's enrollment of 15,523 is a 0.3% increase.

IT'S BHE MONEY TIME...The Board of Higher Education at its meeting last week in Springfield criticized the budget requests for the next fiscal year which would up the higher education budget by 30%. Budget proposals for FY 76 total \$930.8 million, up from the current budget appropriation of \$716 million. The largest increase request comes from the State's community colleges who want a \$32.4 million increase in anticipation of 14,000 new full time equivalent students. GSU's current operating budget is \$9.38 million (excluding retirement and IBA rental). On a comparable basis, the BOG approved GSU's operating budget request for the next fiscal year at \$11.59 million. At its meeting, the BHE urged systems to take another look at their proposed budgets with BHE Chairman Donald Prince saying "I don't see in the cards that anyone will come out with a 30 percent increase." The Board delayed its consideration of the budgets from its December meeting until its January meeting (then the legislature and the Governor get into the act, literally).

REGISTRATION AHEAD...for Jan/Feb and March/April 1975 will take place December 10-12 from 1:30 p.m. - 8:30 p.m. with an additional cleanup day on Jan. 2. Prepayment of fees for March/April will be Feb. 18-20 with a clean-up day for both registration and fees March 3. All of this will take place in the gymnasium.

GSU'S FIRST DOCTORATE...an honorary one to be bestowed at the July commencement is now being considered. Nominations should be forwarded to PAULA WOLFF, (BPS), Chairperson of SCEPP.

NOMINATE DEDICATION SPEAKERS...Which 2, 3, or 4 speakers of national prominence and known to both the general and professional communities would you like to hear in the dedication weeks following the April 20 formal dedication? Some suggestions thus far include Buckminster Fuller, Coretta King, Norman Cousins, Barbara Sizemore, Julian Bond, Barbara Jordan (of House Judiciary fame), and Bill Moyer. Send your nominations by November 25 to Speakers Committee Chairperson SHIRLEY BRUSSELL, c/o office of the Vice President for Community Services.

THE CHICAGO TRIBUNE ANNUAL WAR PATH...It's budget planning time in Illinois higher education.

And the Univ. of Ill. biased Chicago Tribune has taken to blasting other universities again. This time, it timed a November 9 editorial, not coincidentally we assume, with the BHE November meeting which began a review of the next fiscal year's budget requests. Referring to the collective bargaining referendum of the BOG Council of Faculties the gist of the Tribune editorial was that the BOG and its "third string" and "relatively undistinguished" faculties should not siphon monies from the more "prestigious" campuses i.e., Univ. of Ill. Supposedly under another subject, the Tribune made the same claim in a Monday editorial on the eve of the BHE meeting claiming monies to new and expanded universities make the prestigious universities suffer.

What the Tribune conveniently omits, is that both in numbers and percentage, the BOG schools have the largest enrollment increase in students in Illinois higher education, far surpassing the Univ. of Ill. system. If doctorates on a faculty are any measure, (which it may or may not be, though undoubtedly the more "prestigious" Univ. of Ill. would claim it was), GSU has more per student than any other Illinois university. Further, Chicago area students have not been able to afford the trek to Urbana. For that matter, GSU must be doing something that students find worthwhile (and the GSU student is quite different from the Univ. of Ill. student) since more new students have been coming to GSU than Circle campus. But then, we're comparing apples and oranges. GSU's teaching university is not the research/football Univ. of Ill. For GSU students and for many more in the Chicago area, GSU is better, more relevant and more appropriate.
