Impact of Exposures*

WELCOME TO THE GSU ALUMNI FAMILY!

As GSU Alumni, you represent the very best the University has to offer. You join a network of over 57,000 individuals, many located in the greater Chicagoland area. Uniting as alumni exponentially expands your reach, influence and opportunities for success through networking, professional development, and mentoring.

As a graduate of GSU, the Alumni Association is your organization. It's a place built to support and catalyze your success, both personally and professionally.

Here's how you can get the most out of your membership:

ENGAGE with GSU

Engage as a mentor, volunteer leader, or host for GSU interns. Engage in Career Fairs as an employer or as one seeking employment. Engage in volunteer opportunities by participating in your favorite Alumni Club or guest speaking at events where you share your GSU experience.

ADVOCATE for GSU

In your personal and professional networks, advocate for GSU by encouraging others to attend, promote, and support your Alma Mater. Using your voice to highlight GSU to your community can strengthen GSU's visibility and influence. These important conversations create more opportunities for you and current and future students.

GIVE to GSU

Give financially to areas most influential to your success at GSU. Give to areas that interest you. Give to areas that will provide an enhanced experience to future students. Give to areas that recognize excellence in and out of the classroom. Give to areas that break down barriers to exceptional education. Give to areas that will make a measurable impact on the southland and beyond. When you give back to GSU, you are investing in our mission to offer exceptional and accessible education.

NEXT STEPS

The expectation is not for everyone to give the same amount, but simply, for everyone to give some amount annually. As a new graduate, if you give \$50 a year for the next five years, you and your classmates could create a \$250,000 legacy at GSU. Begin your journey of support GSU students by giving today:

The Alumni Association and generations of GSU alumni congratulate the Class of 2023 and welcome you to this new distinction of Alumni. We are proud of you and look forward to partnering with you to influence and impact the next 100 years of future Jaguars!

Academic Regalia

The origins of academic dress date back to the 12th and 13th centuries, when universities were taking form. The ordinary dress of the scholar, whether student or teacher, was the dress of a cleric. With few exceptions, the medieval scholar had taken at least minor orders, made certain vows, and perhaps been tonsured. Long gowns were worn and may have been necessary for warmth in unheated buildings. Hoods seem to have served to cover the tonsured head until superseded for that purpose by the skull cap.

During traditional doctoral hooding ceremonies, students and faculty wear academic costumes indicating the wearers' degrees, colleges/universities, and fields of study.

The Gown

The doctor's gown is an elaborate costume, with velvet panels down the front and around the neck. Three velvet bars on the bell-shaped sleeves signify the doctorate.

The Hood

Hoods are the most expressive component of the academic costume. They serve to communicate the school, degree, and field of study through their length and the colors of the lining and binding.

Today's hoods have evolved from a serviceable article of clothing to a type of elongated scarf draped over the shoulders and displayed down the back with the lining turned inside out.

Black and white, the official colors of Governors State University, are represented in the velvet lining of the hood. Each field of study has a corresponding trim color. The trim colors for doctoral hoods represented in this ceremony are:

Counselor Education and Supervision Ph.D.	Royal Blue
Counselor Education and Supervision Ed.D.	Light Blue
Interdisciplinary Leadership	Light Blue
Nursing	Apricot
Occupational Therapy	Slate Blue
Physical Therapy	Teal

Faculty Marshals

Timothy Harrington, Ph.D.

David Conrad, Ed.D.

Brenda Hannigan, B.S.
