GRADUATION WEEK...WORDS FROM A GRADUATE:
Excerpted from a letter received from BPS graduate George Abrams: "Governors State University has served an important role in helping me achieve my goals. Before I heard of the program at GSU I never thought I could find the way to complete college. I thought it would take forever, but time passed quickly. The accelerated program made great strides possible toward my goal. The instructors showed enthusiasm for students and their courses. As a result of my graduation, I have been offered and have accepted a promotion. Prior to entering GSU, I held the position of accounting technician for three years with the Federal Highway Administration. Attending primarily evening classes, I completed the 35 credits I needed to get my bachelors degree. August 1st I will begin in the auditor training program in the same agency. I must emphasize that I could not have made this move without that Degree. I certainly am not sorry I chose Governors State."

"This is Henry. We live together, too. Only, in our case, I'm afraid we're married."

GSUings...RICHARD NEWMAN (LRC) recently appointed by WEE to position of University Coordinator of Computing Activities...RICHARD VORWERK (IS) assigned task of compiling GSU "practices and/or regulations for implementing of Board of Governors policies" into a unified, coherent and emphatic document. (BOG is currently rewriting its By-Laws and Governing Policies and wants input)...SUSAN WOODHAM (UR) recovering beautifully from surgery. (By the way, police are looking for the GSU secretary who smuggled the 1/8th of a pint of scotch into Susan's room the night before the operation. Description as follows: short, dark eyes and long dark hair, diets a lot, writes English themes during lunch hour.)...BILL BOLINE (HLD) conducting a session on group techniques with the staff of the Better Boys Foundation in Chicago, also leading a workshop on "Applied Group Work and Videotaping" at Central Y College, and participating in University of Michigan's summer symposium on "Planning and Management"...Dave Schuelke, GSU's first administrator of Communications and currently head of Rhetoric Department at University of Minnesota, visiting his old friends here this week...Best wishes to BARB SMITH (EAS), who is leaving the University. We will miss you, Barb...JOHN CHAMBERS (EAS) writing to 56 radio and television stations with the suggestion that weather reports be given in both metric and customary terms as a way of preparing the nation for the inevitable. 'Course there's always "Jim"...Myriah Dodd, BILL DODD'S (UR) dog, was refused admittance to Prairie State's class on obedience...JACK WYSONG (COOP) will be leaving GSU for Boston at the end of July--good luck, Jack. We'll miss you...BURT COLLINS (COOP) visited GSU coop ed interns in the nation's capital and reports that the government wants more GSUers up there to set things straight in Washington...LEON FENNOY (EAS) is a master of the culinary arts...JOHN CANNING and BILL DODD (UR) are applying for financial aid.
