#### MPIV NEWS...

Special Meeting (GSU)...There will be a special meeting of the University Assembly on Monday, Nov. 24, at 4:00 p.m. In the CCC. Mr. Furman, Executive Director of the Illinois Board of Higher Education, will address the Assembly on the tentative staff draft of MPIV.

Special Meeting (BOG)...At a special meeting held at NIU Oct. 24, the major part of the day was devoted to discussion of the BHE staff draft of Master Plan Phase IV. Led by Jeffrey Ladd, Board Chairman and Dr. Donald E. Walters, Executive Officer of BOG, talk revolved around the concerned views expressed by Board members, faculty, staff and students from the five educational institutions under the Board's jurisdiction. The BOG recessed advising the Executive Officer to relay these concerns to the BHE. Below are excerpts of a letter from Dr. Donald E. Walters to the Chairman and members of the Board of Higher Education.

BOG to BHE...Specific Concerns: (1) The Program Direction Statements...unnecessarily restrict... continued effort to provide more options to a growing adult population often in off-campus settings. The BOG is especially concerned that the proposed program statement for GSU would, if not amended, so fundamentally change the mission of this experimental institution as to destroy its uniqueness. A decision of this magnitude requires at the very least a thoughtful re-examination of the seminal goals of GSU as originally mandated by the BHE itself. No change in mission should be lightly voted without a thorough evaluation of progress. (2) The Need for Guidelines--ambiguity...senior universities are left without any aid in planning their budgets, their programs, or their physical plant and space needs. (3) Tuition--the effect which increasing tuition could have on access to higher education. (4) The Role of Voting System Representatives on the Board of Higher Education--We do not think, therefore, that any positive benefit would accrue to post secondary education in Illinois by withdrawing the voting participation of system representatives from the work of the BHE.

#### IN MEMORIAM

FRANCES G. BIBB 1927 - 1975

The GSU Community is saddened by the sudden death of Frances G. Bibb, University Professor of Business Education, CBPS. Dr. Bibb had recently returned to the University after many months of recovery following a serious illness. Frances joined GSU in 1971 after 20 years with the Gary schools, serving as supervisor of business education for six years. She received her doctorate from Northern Ill. U. in 1971. Dr. Bibb passed away Mon., Nov. 10. She is survived by her mother, a brother and a sister.

The GSU staff extends its sincere condolences to her family.

Funeral arrangements have been made for Nov. 14 and 15. Visitation will be Fri., Nov. 14, from 2:00 until 9:00 p.m. at Smith, Bizzell and Warner Funeral Home, 2295 Washington, Gary, Indiana.

Funeral services will be held at 11:00 a.m. Saturday, Nov. 15 at St. Timothy's Community Church, 400 West 25 St., Gary, Indiana.

ENVIRONMENTAL FELLOWSHIPS OFFERED...

The Rockefeller Foundation has announced a new fellowship program for post-doctoral participants to work on interdisciplinary efforts to deal with comprehensive environmental problems. The fellowships are for research and/or public service in environmental affairs.

In the absence of official application forms, applicants are requested to submit the following: a concise statement of the purpose, scope and methodology of their proposed work; a statement of its significance; a letter of endorsement from the institution with which the candidate will be associated during the course of the proposed project; two letters of recommendation; an itemized budget; and the resumes of the candidates and other principal investigators. Awards will cover up to 12 months and renewal requests will be considered. The deadline for receipt of applications is February 1, 1976.

For further information, write to: Fellowship Program on Environmental Affairs The Rockefeller Foundation, 1133 Avenue of the Americas, New York, New York 10036.

EXHAUSTED!...The Student Services Advisory Committee has suspended travel funds for the remainder of the Fall Trimester (Sept.-Dec., 1975) because the funds allocated for this Trimester have been exhausted. Please note that Request for Out-of-State Travel forms will not be accepted until the beginning of the Winter Trimester, Jan. 5, 1976.

SAY HELLO TO...Abul Husain Chaudhury, visiting GSU on an administrative internship for the next three months. Mr. Chaudhury is registrar (equivalent to dean in the U.S.), secretary of the syndicate (chairman of the board), and on the academic council at Johangirnagar U. in Savar, Dacca.

ORGANIZATIONAL LAWS...As everyone is painfully aware, organizations are affected by certain natural laws. Some of these have been stated by authorities such as Parkinson, Murphy, and Finagle, but others have been formulated. Here is a compilation that appeared in The Indicator, published by the Martin Decker Corp., Long Beach, Calif.:

- (1) Chisholm's First Law of Human Interaction: If anything can go wrong, it will.
- (2) Chisholm's Second Law of Human Interaction: When things are going well, something will go wrong.
- (3) Rusk's Law of Delegation: When exaggerated emphasis is placed upon delegation, responsibility, like sediment, sinks to the bottom.
- (4) Finagle's Law: Once a job is fouled up, anything done to improve it only makes it worse.
- (5) Feibleman's Law of Secondrateredness: To be second rate (a) never be the first to do anything, and (b) never do anything as well as it can be done. These principles call for failure of originality and the absence of excellence.
- (6) Harvard Law of Animal Behavior: Under carefully controlled conditions, organisms behave as they jolly well please.
- (7) Nyquist Corollary to the Harvard Law: Under perfect conditions of establishment, unwilling subordinates will erode all authority connected with an unpopular management policy.
- (8) The Rusk-Parkinson Law of Preoccupation: In any large organization, the proportion of time spent upon central tasks varies inversely with elevation in the bureaucracy.
- (9) Nyquist Law of Total Involvement: Everyone affected by a decision must help make it.
- (10) Murphy's Law: All things being equal, you are bound to lose.

THE REFLECTOR, OCT. '75
