A PROPOSED NEW CONSTITUTION . . .

for GSU was adopted Monday, June 19, by the Constitutional Convention. The text of the proposed Constitution and By-laws will appear in the next issues of Faze I and the Innovator, and a University-wide referendum will be held in the latter part of July.

The new Constitution, if approved by the referendum, would abolish the University Assembly and establish a Faculty Senate, Civil Service Senate and a Student Senate. The Senate Constituencies would be:

- (1) Faculty Constituency--comprised of faculty and all full-time professional employees (the present support constituency) other than administrators.
- (2) Civil Service Constituency--comprised of all exempt and non-exempt Civil Service employees.
- (3) Student Constituency--comprised of all students in good standing at GSU except full-time employees of the University.

There will also be one member of the administrative constituency elected to each Senate, plus two community members.

The above is a very brief outline of the proposed new governance system. Please read the full text of the Constitution and By-laws next week so that you will be able to cast an informed ballot during the coming referendum.
