When I was a boy of 14, my father was so ignorant I could hardly stand to have the old man around. But when I got to be 21, I was astonished at how much he had learned in 7 years.

Governors State University 10th Anniversary Celebration

COME ONE, COME ALL . . . to the Tenth Anniversary Celebration of the founding of Governors State University. The festivities will begin Tuesday, July 10, with a Nostalgia Media Exhibit, presented by HLD. Activities will culminate Sunday, July 15, with a private noon luncheon honoring community college presidents and the formal Convocation and Reception. Gary Mills, syndicated columnist who appears in the Chicago Sun-Times and Newsweek Magazine, will be the guest speaker at the 2 p.m. Convocation. Presenting papers will be Dr. Daniel Bernd of CCS, who will represent the GSU faculty, and Mildred Johnson, acting director of the Developmental Skills Center of Olive-Harvey College, who will be representing GSU alumni. Platform guests will include Dr. William E. Engbretson, GSU's founding president, and past and present members of the Board of Governors and the Board of Higher Education who played important roles in the planning and founding of GSU.

REMINDER! The deadline for faculty and administrator ordering of academic robes from the Bookstore is Wednesday, JUNE 20!

GSU's Skylab Lawn Party

According to precise measurements by NASA, Skylab and its 78 tons of debris will land "some-where in the world," possibly in July. With much of the world fretting about possible Skylab devastation, GSU is about to seize the opportunity as the only University to invite or lure Skylab to its campus.

It may or may not be serious, but a festive "Skylab Lawn Party" is in the works. Exact dates have not yet been announced in keeping with the spirit of the event. But a "Skylab Advance Team" has been collaborating at GSU with Student Activities, Community Services and CCS' Media Communications program co-sponsoring the Skylab Lawn Party.

Among the suggestions thus far for the Skylab lawn party:

1. Invite Skylab to join the permanent GSU exhibit on "The Sculpture, the Campus and the Prairie."
2. Appropriate music from space, possibly from the Darth Vader jazz combo.
3. A national telephone hook-up with people invited to call GSU with their Skylab thoughts, fears, hopes and suggestions.
4. Lectures or workshops on science fiction including a standard lecture now actually available on "Women in Space."
5. Sky jumping to a target on the GSU campus.
6. Police training for those radars that clocked houses going in excess of 80 mph.
7. Create a welcoming gift for Skylab, possibly a replica of the GSU Mace, maybe even the Mace itself.
8. Invite Chicken Little to be Grand Marshal, who could periodically announce, "Skylab is Falling, Skylab is Falling."

Will "Chimes" lure Skylab to the GSU campus?

One concern the Skylab Advance Team has: Would Skylab have to

get a GSU parking sticker? Would it be a visitor sticker or for one trimester or for the year?

Do you have suggestions for the Skylab Lawn Party? (No fooling, this is really going to happen.) (Attach separate sheets as needed.)

1. Program suggestions: (Specific people to invite, topics, events.) _____

2. Participation: (Would you, your group, or unit like to be part of the program or festivities? Please describe the nature of the participation.) _____

3. Volunteers: (Would you like to assist in some way? How? If general assistance is offered, you'll be contacted.) Yes _____ No _____ (If yes, describe if you have a specific proposal) _____

4. Whether you participate or not, would you come to the event on a summer Saturday or Sunday afternoon? Yes _____ No _____ Do you prefer: Saturday _____ Sunday _____

5. Other comments, suggestions: _____

Name _____ Ext./Phone _____ Unit _____
