FACULTY MEMBERS HONORED

During last week's Annual Faculty and Professional Staff meeting in Engbretson Hall, President Leo Goodman-Malamuth presented three distinguished service resolutions honoring: Dr. Ted Andrews, former Dean of the College of Environmental and Applied Sciences; Dr. Alfonso Sherman, former Dean of the College of Cultural Studies; and Dr. Ruben Austin, University Professor of the College of Business and Public Service, who is retiring from the University's faculty. All were extended the profound gratitude of Governors State University for distinguished service to this community, to the region it serves, and to the citizens of Illinois.

The resolutions began: "Whereas, he has, with dedication and generosity, served this University from its earliest days, and Whereas, as an original Director of Academic Development, he has helped to build one of the most comprehensively flexible University curricula in the nation," . . .

Dr. Andrews was commended for his ten years of distinguished service at this University, 8-1/2 years as the founding Dean of the College of Environmental and Applied Sciences, 1-1/2 years as the Acting Vice President for Academic Affairs, and for his aggressive and successful promotion of intense research among his faculty, especially in the sciences.

Dr. Andrews was extended the University community's heartfelt best wishes for an exciting career, first as Special Assistant to the Provost and then as full member of the faculty of the College of Arts and Sciences.

Dr. Sherman was commended for his 9 years served with distinction as the founding Dean of the College of Cultural Studies, and "aggressive and generous leadership to assist the Performing Arts in achieving the exalted and predominant position they now rightfully enjoy at this University."

Dr. Sherman received the University community's heartfelt best wishes for an exciting and productive career first as Special Assistant to the Provost and then as full member of the faculty of the College of Arts and Sciences.

In honor of Dr. Austin, who will continue to be active in the field of education, the resolution cited his 7 years of service with distinction as the founding Dean of the College of Business and Public Service and two years as a distinguished full member of the faculty of this College, and his role throughout these years as a respected and eloquent spokesman for his College and for this University among the business and professional leaders of this region.

Dr. Austin received the University community's heartfelt best wishes for an exciting and productive future.
