Production Procedures		University Park, IL, March 25, 2009 – What do a mom returning to college after 20 years and a high school senior have in common with a down-sized job seeker and a community college student seeking direction? They are all eligible to enroll in Governors State University's new six-week Vacation Education mini-term this summer.					
Image Standards		Vacation Education courses run from June 1 through July 15 and require no pre requisite educational experiences. The program is open everyone, age 17 and over, including non-Illinois residents, those who wish to continue their education and those who have never taken a college course.					
Font and Typeface Guidelines		"We're extremely excited to be able to offer such a wide and wonderful array of college level courses this summer," noted Linda Samson, Dean of the College of Health and Human Services.					
Editorial Style Guide		"There are as many reasons to enroll in Vacation Education as there are courses to choose from. What better way to make summer work for you, if you're already a student? And, for others, what better time to begin pursuing your educational dreams than during the relaxed months of summer?"					
Downloads		To enroll in Vacation Education, students already enrolled at other schools must be in good academic standing at their respective academic institutions. Application, submission of the \$25 application fee, and registration for specific courses may be completed simultaneously. Transcripts are not required.
