## **Free!**

If you're a civil service employee, you just hit the jackpot. You might get to attend performances at the Center for Performing Arts, free of charge.

The Civil Service Senate has initiated a new program where civil service employees who are interested in getting more involved at the Center for Performing Arts, can reserve tickets on a first-come first-served basis, at no cost to the employee.

Here's how the program works:

- Civil Service Senate will email Civil Service Employees monthly with a list of upcoming shows, dates and times.
- The first 10 employees to RSVP to Lauren Esolato at [lesolato@govst.edu](mailto:lesolato@govst.edu) will receive a pair of tickets to one of the upcoming events that month.
- Civil Service Senate picks up the tab for the tickets; limit one pair of tickets per Civil Service staff member per season.

The Civil Service Senate asks is that ticket winners RSVP that they actually attended the show. The Senate wants everyone to enjoy this benefit so please only respond if you can attend the show. The program will be continued on a monthly basis all season long, based on availability and participation.

## **Transitioning Students with Disabilities from High School to College**

On October 3, from noon to 1:30 p.m., the Academic Resource Center will sponsor a webinar: *Transitioning Students with Disabilities from High School to College: Understanding the Related Laws and Developing the Transition Plan.*

Help students transition to post-secondary education by understanding the laws, recognizing the issues, and creating an effective plan. Every year a growing number of students with disabilities graduate from high school and go on to some form of post-secondary education, including two or four-year colleges, or trade or vocational schools.

Students and their parents, however, tend to make at least two important mistakes in planning for the transition from high school to college. First, they begin planning far later than they should, and second, they may be unaware that the same level of services that they received in high school may not be available in college. This is where both high school and college administrators and special education educators play a crucial role.

To RSVP or for more information, please contact [Lisa Carra](#).

## **Save the Date for New Student Orientation**

### **Scholarship - Dr. Michael Williams**

Dr. Michael Williams, Assistant Finance Professor in the College of Business and Public Administration, had a recent white paper featured on MrTopStep.com, a news and investment-advice aggregator.

The white paper, titled "The Impact of Quantitative Easing on US Treasury Markets", describes the Federal Reserve's extraordinary stimulative measures over the last five years and what various asset markets can expect when the Federal Reserve begins withdrawing the stimulus.

Dr. Williams warns that general stock market indexes could decline more than 33% when the stimulus programs are ended. Additionally, interest rates will likely increase making it more difficult for some firms and individuals to service their debt obligations.

The white paper received 341 views within 48 hours of being published. [View the paper.](#)

Governors State University will celebrate Lesbian, Gay, Bisexual and Transgender (LGBT) History Month with a series of events during the month of October. "For a community deprived of its history, LGBT History Month teaches our heritage, provides role models, builds community, and recognizes our extraordinary national and international contributions," said Malcolm Lazin, executive director of the Equality Forum, an international civil rights organization. LGBT History Month was first celebrated in 1994. October was chosen as the month for the celebration because National Coming Out Day was first held in October, and October commemorated the first march on Washington by LGBT people in 1979. ## **LGBT History Month Kick-off Event: From Accessing to Shaping: Re-Thinking Trans Inclusion on College Campuses**

October 2

3 - 4:00 p.m., Cafe Annex

Sponsored by the [Office of the Dean of Students](#)

Colleges around the country are beginning to pay attention to the increasingly visible populations of trans\* students on their campuses. However, often a lack of knowledge of the diversity of realities of trans\* students, coupled with binary lenses and an accommodationist perspective, mean that even the best intentioned efforts are not improving the college-going experience for trans\* students. This presentation, by centering an intersectional and social justice lens, seeks to challenge all of us to recreate a campus environment that is shaped by trans\* students.

## **Save the Date: Holocaust Museum Trip and "The Butler" Panel**

"America's always turned a blind eye toward what we've done to our own. We've heard about the concentration camps; but these camps went on for 200 years right here in America."

-Cecil Gaines, *Lee Daniels' The Butler*.

With President Obama contemplating military action against Syria for acts of genocide, Forest Whittaker's character in *The Butler*, Cecil Gaines, applies to our nation today: The discussion must include all the hard truths about our nation's past and must be from a position of knowledge and wisdom about the international meaning of genocide as well as the experience of race hatred at home. This is a perspective held by President Obama, unique among his predecessors.

Students are invited to expand their knowledge and wisdom of the history of racism, genocide and fighting back with two upcoming events:

- Wednesday, November 6: A scholarly panel on *The Butler* at GSU. Location TBA. 6:00-8:00 PM. This will feature most of the lineup from the April 2012 scholarly panel on *Red Tails*: Professors Donald Culverson, Rashidah Muhammed and David Golland; also Professor Debbie James.
- Thursday, November 7: Visit to the Illinois Holocaust Museum in Skokie, sponsored by the Office of Student Affairs and the Dean's Office, College of Arts and Sciences. The bus will leave

GSU at 3:30PM and will return by 9:00.

Serving as co-chairs of this service learning event were Archana Liggins, Chief Information Officer and Yvette McWhorter, Activities Chairperson for SHCMA. They were assisted by Nisha Mehta, President of SHCMA, as well as Isha Dhingra, Secretary, and member Nitika Sood. Faculty Advisor for the organization is Dr. Caren Rossow, FACHE, of the College of Health and Human Services' Health Administration Department.

Archana Liggins, Yvette McWhorter, Nisha Mehta, Isha Dhingra, and Nitika Sood

GSU's President Elaine P. Maimon and Sam Balark, External Affairs Director for AT&T, joined the event to encourage students to take the pledge never to text and drive. A number of elected officials, including: State Senator Mike Hastings; State Representatives Will Davis and Anthony DeLuca; University Park Mayor Vivian Covington; Richton Park Mayor Rick Reinbold and Village of Hazel Crest President Vernard L.
