President Maimon Calls on Higher Ed to Change Narrative

Higher Education leaders must change the narrative by breaking down hierarchy within universities' faculty ranks and calling out snobbery, Governors State University President Elaine P. Maimon told the Chronicle of Higher Education in a recent interview.

In *A Veteran President Calls on Colleges to Stop the Snobbery*, President Maimon also discussed the inspiration for “Leading Academic Change: Vision, Strategy, Transformation.”

“My book is very much a call for all of us in higher education to work together to educate this new majority. This does cost money. So from a political standpoint, the powers that be need to understand how important it is to invest in the institutions that are really committed to the new majority.”

15 to Finish Success Plan: Completing Your Degree Has Never Been More Important!

Taking 15 credit hours or more each semester will help you graduate on time, allowing you to enter the workforce or get started on a graduate degree sooner.

To help students near 15 credit hours achieve their goals faster, GSU will give a \$200 myONEcard credit to the first 160 students who add three or more credit hours to reach a total of 15 credits for the Fall 2018 semester. (Students must already be enrolled in 9 – 14 credit hours and remain enrolled in 15 or more credit hours through September 14, 2018, to qualify.)

If you have a questions, contact [Paul McGuinness](#). Students should check with their Academic Advisor to ensure the additional course(s) will count toward their program of study. Please email advising@govst.edu or contact your advisor directly.

GSU Library Memorial Bench: Only 50 More Pounds of Recycled Material to Go!

“Our GSU Community has done an outstanding job of supporting our plastic bag collection,” said Ann Nagel, President of the Friends of the GSU Library. “With only 50 pounds of plastic to go, we should be reaching our goal by the time school starts.”

Once the goal of 500 pounds is reached, the memorial bench to honor the life of Eric Nicholson can be ordered and will be received in 3 – 4 weeks. The Friends of the GSU Library are planning on a special ceremony to honor Eric. (Stay tuned for details.)

“We ask that all of you continue saving your plastic bags and deposit them in the bins inside and outside of the GSU Library,” said Ann.

GSU's Paul Bunyan Listed on List of Must-See Illinois Oddities

GSU's Nathan Manilow Sculpture Park was recently named on the Chicago Tribune's [Bicentennial bucket list: 20 must-see oddities in Illinois](#) for its large-scale work of Paul Bunyan.

The article reports, "This XXL lumberjack—a larger-than-life Paul Bunyan—is the most eye-catching of the nearly 30 artsy installations that populate Nathan Manilow Sculpture Park on the grounds of Governors State University. Chicago artist Tony Tasset created the monumental woodsman, who looks downright exhausted from all that deforestation."

Call for Programs: Latino Heritage Month

Latino Heritage Month celebrates the history, culture and contributions of Latinos in our global society past, present, and future. The observation started in 1968 as Hispanic Heritage Week under President Lyndon Johnson and was expanded by President Ronald Reagan in 1988 to cover a 30-day period starting September 15 and ending October 15. It was enacted into law August 17, 1988, on the approval of Public Law 100-402. September 15 is significant because it is the anniversary of independence for Latin American countries Costa Rica, El Salvador, Guatemala, Honduras, and Nicaragua. In addition, Mexico and Chile celebrate their independence days on September 16 and September 18, respectively.

Highlights

David Green

Living your life online in 2018 is easy. It's where we work, connect with friends and shop—especially shop. But setting up each new account can feel like it takes forever, not to mention the aggravation of coming up with another new password and trying to remember it.

[David Green](#), Associate Professor of [Management Information Systems](#) (MIS), understands the frustration.

“It’s important for security purposes, but it can’t be so aggravating to the consumer that the person thinks, ‘I’m not going to order things from this company anymore,’ or ‘I’m going to switch to a different bank,’” said Green, also Division Chair of Accounting, Economics, Finance and Management Information Systems.

Humans of GSU: Douglas King

“The shoes you wore was a big thing where I grew up. But my mom didn’t have money to buy Jordans, so I started selling candy and saving my money. When I was 16 years old, I bought a pair of Nike Air Force 1s for \$140 after tax. Then I messed them up, and I couldn’t buy another pair. In 2016, I found a YouTube video on how to dye the suede and bring the shoe back. I’ve been doing that now—buying old Jordans off eBay and restoring them—for a year. I am studying accounting at GSU so I can start a business and help kids who want to be stylish but don’t have \$200 for shoes.” —Douglas King, Junior, accounting major.
