Vol. 2, No. 3

UNIVERSITY ASSEMBLY...At its September 7 meeting TULSI SARAL was elected Assembly Vice Chairman replacing DELORIS SAUNDERS...The Physical Resources Committee proposal to preserve the Sztube parcel of the permanent campus for ecological purposes and locate a proposed amphitheater at another site was defeated 9-7 after considerable discussion on competing values and alternative site proposals...The Human Services Committee reported that it had received a student petition to investigate the use of student activity funds. The Committee, however, declined to investigate and made the simple recommendation that student activity expenditure records be made available to any University citizen. The Assembly recommitted the question to the Human Services Committee asking that the petition to investigate be considered...A SCEPP proposal charging R & I to use the expertise of the University staff to establish immediately an Instructional Systems Paradigm was passed as amended. This ISP would be designed to provide the structural framework for GSU's philosophical mandates...There will be meetings of the University Assembly held on September 21 and 28, 4:00 p.m. in Room 308.

PRESIDENT'S REMARKS...At the Sept. 7 UA meeting, BILL ENGBRETSON...reported submission of GSU's preliminary estimate to the BHE for Fiscal Year 74 of a \$15 million operating budget...noted that Phase II planning money was approved by the Legislature though not yet released by the Governor...indicated there has been discussion in the State about raising tuition; he went on record opposing this and invited Assembly members to assist in developing a GSU position paper against such increases...indicated he would make a report to the BOG re the state of GSU admissions at its Sept. meeting and bring to the BOG a proposal for special admissions, based on the Assembly-passed resolution, in Oct. or Nov...also noted that although he approved the SCEPP-proposed and Assembly-passed resolution limiting students to 8 units of current or incomplete work, he would like to discuss some of the implications with SCEPP and others (ed. note: SCEPP will propose to the Assembly a clarifying statement).

ACCREDITATION...GSU applied this past May, by submission of a lengthy self-study, for the pre-accreditation status of "Recognized Candidate." The North Central Association of Colleges and Secondary Schools had already given the University "Correspondent Status," the first pre-accreditation category. Sometime during the late fall or early winter a team from the accrediting association will visit GSU and make its recommendations. Proposed chairman for the team is Dr. Richard Davis, Dean of the College of Education, University of Wisconsin at Milwaukee. GSU will be notified in March, 1973 on the denying or granting of the "Recognized Candidate" status. Depending on the concerns raised by the visiting team, it is conceivable that the formal steps in the process of applying for full accreditation could begin in the spring. Page 20 of the 1973 Bulletin describes the accrediting process in somewhat more detail.
