So that your work may commence, we are enclosing a listing of past governors and their term (or terms) of office, together with a black-and-white photograph of each with name penciled on the back thereof to avoid confusion.

Photographs are not included for governors from Adlai Stevenson through Richard Ogilvie. New photos are being obtained and these will be transmitted to you later.

This information should enable you to immediately commence your work which we understand will require about 90 days to complete. In that regard, we will want to review plaster casts as well as have rubbings submitted for approval before any casting in bronze is done. Please notify the writer when some of the art work has been completed.

It is our understanding that the facsimile likenesses will be life size.

If you have any questions, please let us know.
