JULY 29, 1974

Vol. 3, No. 47

**DEDICATION POSTPONED...** Upon recommendation of the Dedication Program Committee to the President and Vice Presidents, the Dedication of Phase I has been set back to the Spring of 1975. Planning for the series of Dedication events will continue through the Summer and the academic year ahead. The unanimous Committee recommendation came after arguments from CCS and CEAS that their facilities would not be completed sufficiently for a public display and after claims of inadequate planning time particularly during the summer months and particularly for community members desiring to work on Dedication. The Spring date will allow better coordinated planning and hopefully coincide with the accreditation of the University in the Spring. Governor Walker's office has indicated that he will be available for any formal ceremony in the Spring. By Spring, GSU will likely have attained the remarkable achievements of in just four years of classes, building a multi-million dollar campus facility and gaining accreditation in the process.

**THE FREE BUS THAT WASN'T...** The bus making runs to GSU, Park Forest South and the IC station in the a.m. and p.m. coordinated with GSU's normal work hours was erroneously reported as a free service. Bus fare is 35¢ per ride.

**SCHEDULES AVAILABLE...** from the Office of Communications (Ext. 2351/2352/2353) include new IC timetables.

**FAZE I DEADLINE...** is Wednesday morning for a Friday distribution. Material should be sent, in writing to the Office of Communications. Items not used because of space limitations will be held for subsequent issues.

**LAYZELL APPOINTED NEW VEEP...** At its July meeting, the BOG formally appointed TOM LAYZELL as the new Vice President for Administration. He had been serving as Acting Vice President. Last summer, he also served a stint as Acting Vice President for Administration. The recommendation for his appointment by the President came after every unit of the University unanimously concurred and after favorable student recommendations. Tom has been at GSU for five years as Assistant Vice President for Administration. Prior to his GSU days, he served as assistant to KEITH SMITH for three years at the Ill. Board of Higher Education. He holds a law degree (J.D.) from the University of Illinois and an M.A. in Public Administration from the University of Illinois and is a member of the American and Illinois Bar Associations.

**SUMMER ENROLLMENT HOLDS...** GSU status as a year-round institution is borne out by preliminary 10 day enrollment figures for the July/August Session. A total of 2,160 students enrolled of whom 1,235 are graduate students. CHLD heads the enrollment list with 829 students, followed by CBPS, 670; CCS, 294; CEAS, 285; and BOG, 82. Both CHLD and CCS have about twice as many graduate students as undergraduates. Last July/August there were 1,263 students and in the University's first summer, 469 attended. Enrollment since last Fall has varied from 2,175 last Session to 2,604 in March/April.

STRIKE VOTE...was taken at the July 13 meeting of Civil Service non-exempt employees. It was moved and passed that "if" by August 19, 1974 the Civil Service non-exempt employees at GSU covered by the Union do not have a signed contract "we will walk out and stay out until the contract is signed." FAZE I will carry notices of future developments as they are made available.

FEE WAIVERS...for the Graduate Records Exam are available in the Financial Aids Office. A student should be receiving some type of financial assistance to be eligible. All Vets on the military scholarship or Vets benefits are automatically eligible. There is a limited supply of waivers which may be picked up from DAVE SUDDECK's office in Student Services.

RECREATIVE?...VIRGE PIUCCI (R & I) calls attention to our new man developing the physical activities program at GSU, BEN(d) LOWE!

QUESTION OF THE WEEK...received from several individuals, "Are the partitions and lockers in the Commons dining area really there permanently? They're awful and an eyesore compared to the open spaciousness before." The answer will be sought by FAZE I though there is some indication that the current setup is not one that will remain.

HELLO FROM GERRY...Dr. GERALDINE WILLIAMS (CBPS) sends word from her hospital bed at the University of Chicago Billings Hospital and wishes to be remembered to friends at GSU.

GSU IN THE MEDIA...included a front page story in the South Suburban Advertiser on HUGH RANK (CCS) and his counter-propaganda propaganda module...in the works is a possible Channel 32 special revolving around SUE PRESCOTT's (CHLD) module investigating couples and violence...a front page Chicago Daily News/Sun Times Suburban Week story on Park Forest South quoting MARY ENDRES (AA) in her role as private citizen...and then there was BOB SANDERS of WBBM radio (CBS) tagging the interviews with LEE HERTZMAN (CEAS) on GSU by calling Governors State "a place where education counts."

ORGANIZATIONAL MEETING FOR ALUMNI...was held on July 20 in the first attempt to coordinate and organize an Alumni Association for GSU grads. An organizational committee of 17 was formed July 7. Some 1,050 students have graduated from GSU since classes began in the Fall of 1971.

MASTER PLAN PHASE IV...by the Illinois Board of Higher Education is underway. Unlike previous Master Plans in which special committees were organized, MP IV involves the existing Board staff and various committees. At least three statewide conferences will be held this Fall to involve citizens' input into the initial planning and at least eight public hearings are on tap for the Spring of 1975 to react to recommendations the BHE hopes to have ready by then. Unlike previous Master Plans (one of which helped create GSU), this one is being conceived in the context of enrollment levelling off or declining in the immediate future. The major areas of study for Master Plan Phase IV include:

1. Goals of Higher Education,
2. Higher Education Enrollment Projections,
3. Institutional Mission and Scope Designations,
4. The Higher Education Governance System,
5. Qualitative Improvements of Existing Illinois Higher Education Programs and Services, and Elimination of Unnecessary Functions,
6. Special Program Needs, Including an Updating of Previous Health Planning Efforts,
7. The Development of Innovative and Cooperative Educational Delivery Systems,
8. Student Access, Scholarship and Loan Programs,
9. An Assessment of Future Higher Education Resource Requirements, Including the Role of Tuition,
10. Community Service and Continuing Adult Education,
11. A Review of Higher Education Capital Construction Needs and Commitments,
12. Preservation of a Diversity of Higher Education Institutions, with Special Need to Update the McConnell Report and Review Other Programs of State Support of Independent Colleges and Universities,
13. A Review of Public Community College Financing,
14. The Relationship of the Proprietary Schools and Colleges to Comprehensive Postsecondary Planning and Coordination,
15. Programmatic Organization of the Community College System.
