FIRST FALL FACULTY MEETING...All faculty members are urged to be present Wed., Sept. 1, 1976, for the First Fall Faculty meeting. The University Assembly Executive Committee and the Acting Vice-President for Academic Affairs have planned a day of activities designed to acquaint all faculty members with GSU's new president, Dr. Goodman-Malamuth. Included in the schedule are periods of discussion on important questions relating to the future of GSU.

Dr. Aida Shekib, Chairperson of the University Assembly said, "I hope each faculty member will make a special effort to attend this meeting and participate in what is expected to be critical, honest and interesting events. Meeting with Dr. Goodman-Malamuth on his first day on the job will help to lay the groundwork and planning for the exciting and challenging future of GSU."

The meeting will be held in the William E. Engbrethson Community Conference Center, 9:00 a.m. to 4:45 p.m.

Faculty members have been asked to confirm attendance on ext. 2122.

ACTIVITIES FOR THE DAY

RE: New Red Ink Add/Drop Registration Form

When student 426-21-4761 asked me to sign the new form, I trusted he knew what he was doing. Then 531-48-1021 wandered in with his list of numbers. I asked what he was taking. He didn't know. So we consulted the Fall Trimester list of classes which, though not in alphabetical order, did seem to be in index number order. Well, you can imagine our excitement when we found the learning module reference number which, unfortunately, did not correspond to the title of the class 531-48-1021 thought he was taking -- which is OK because the title doesn't have to go on the new bicentennial red ink form. (I also explained the need for brevity except when in class.)

It wasn't long before 312-80-6477 wandered in with his girlfriend, 881-40-9991. They had their list of numbers which he wanted reflected in his learning contract. I told him that we had to revise the learning contracts because they had the old fashioned word titles, but in a Trimester or two, when I have received copies of the new red ink Registration Form (which is difficult to read in our College because the lights are out, for awhile) I would get my old schedules and try to match the numbers with various blocks of each Trimester.

I tried to explain that it was more important for the computer to keep things straight than me or him although the computer was out getting a Swine flu inoculation and the Alpha numeral interpreters were still being trained in Bulgaria.
